# Stacks Bowers Galleries is Pleased to Present Griffin Studios

## The Next Generation of Coin Auctions and Marketing

Throughout our nearly 90-year history, Stack's Bowers Galleries has not only consistently led the industry in setting world record prices, but has also been at the forefront of innovating new and exciting ways to present and auction numismatic collections.

Now more than ever, collectors are bidding online. Embracing this trend, we have created an online experience as compelling and appealing to bidders as attending our in-person auctions. Our industry exclusive Coins In Motion technology constructs high resolution animations that accurately capture the in-hand visual appeal of numismatic treasures. Alongside this proprietary technology, we have now taken the next step to provide online content that will bring the excitement of our auctions to any home or office.

Launched in June 2021, Griffin Studios is a custom-built television, film and event facility based at our headquarters in Costa Mesa, California. Our multi-camera, fully integrated 4k broadcast ready facility will host our online auctions, as well as provide space to view collections and bid in-person. With the ability to send and receive feeds around the world, this nearly 5,000 square foot studio represents the next generation of coin auctions and will firmly cement Stack's Bowers Galleries' position as the industry leader.

Unlike standard broadcast facilities, Griffin Studios has been uniquely designed to host numismatic auctions. Alongside a main set for auctions (with dedicated space for live bidders), a central room will allow for viewing, presentations, and hospitality. A grand entrance provides guests with a stunning view of the studio and impressive control room. We aim to bring a sense of occasion and attract excitement to every event, directly increasing bidding competition and revolutionizing our auction presentation.

Stack's Bowers Galleries presents the

# August 2021 Official U.S. Currency Auction for the ANA World's Fair of Money

Hello friends and welcome to Stack's Bowers Galleries' Official U.S. Currency Auction for the ANA World's Fair of Money. This is our first signature currency sale since March, and it is exciting! Our staff will be in full force in Rosemont, Illinois for the ANA show, and the entire sale will be available for lot viewing at the convention from August 7-13. The auction, however, will be hosted in our brand-new Griffin Studios at our Costa Mesa headquarters. As we prepare for the convention, we are excited to see many of our clients and dealer friends again after more than a year. Please be sure to stop by and say hello!

In the pages of this catalog you will find significant offerings from Part II of the Tarzan Collection, a select offering of rare large and small size type notes that includes some of the most recognizable design types in the hobby. Among the highlights are a Fr. 187j, 1880 \$1000 Legal Tender Note graded Very Fine 30 by PMG and a Fr. 2221-E 1934 \$5000 Federal Reserve Note. Richmond graded AU 58 EPQ by PMG.

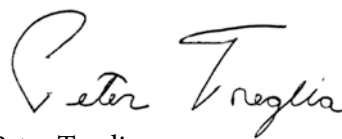

We are also pleased to feature a range of other fascinating notes, from Ultra-High Denominations to large size type rarities. There should be something here for everyone. The standout highlight of the sale is a Fr. 345d 1880 \$500 Silver Certificate graded PMG Fine 15. This note is unique for the catalog number and has been off the market since its last public auction sale in 2006.

This will be our first United States currency auction in our brand-new Griffin Studios, a custom-built, broadcast ready television, film and event facility based at our headquarters in Costa Mesa, California. Designed from the ground up to produce the ultimate live auction experience, we have deployed state-of-the-art technology to pro-

vide multi-camera global livestreams in full 4k video. Our livestream presentations are enhanced by our patent pending Coins In Motion technology which constructs high resolution animations that accurately capture the in-hand visual appeal of numismatic treasures in a manner unlike any still or video photography available today. Griffin Studios, combined with our award-winning live bidding platform, creates an auction presentation that is dynamic, engaging and entertaining and unmatched in the industry. We are committed to being at the forefront of technological advancements in the industry to best serve our bidder and consignor clientele.

We hope you enjoy browsing the catalog and we look forward to our August ANA auction event in Costa Mesa!

Enjoy the paper!

## U.S. CURRENCY

### COLONIAL NOTES

20001

**CT-164. Connecticut. October 10, 1771. 2 Shillings, 6 Pence. PCGS Currency About New 50 PPQ.** No. 2238. Signed by Payne, Williams, and Wyllys. Uncancelled and very scarce as such. The printing quality and depth of embossing on this piece attest to its originality. Easily one of the finest example that we have been blessed with selling. A gorgeous example that is unrivaled.

**\$1,250 and Up**

20002

**CT-172. Connecticut. June 1, 1773. 20 Shillings. PCGS Currency Extremely Fine 40 PPQ.** No.1238. Signed by Payne, Williams, and Pitkin. Uncancelled. Printed on thick laid paper. Standard size, designs and Green imprint on back. A scarcer series of non-interest-bearing bills. The notes are the same style and imprint as the earlier notes from the 1760's. The notes were due on June 1, 1775 with 12,000 Pounds authorized. Five denominations issued from Two Shillings & Six Pence to Forty Shillings. Lightly folded and very underrated at this grade level. A series that is effectively unknown in CU grade. Another early Connecticut note that is vastly underrated at this grade level and in this uncanceled state of preservation.

**\$1,000 and Up**

20003

**Uncut Sheet of (8) DE-76-79. Delaware. January 1, 1776. 4-5-6-10 Shillings. PMG Gem Uncirculated 65 EPQ.** No. 72453-72464. A superb offering of this original uncut sheet of eight Delaware Colonial notes. While these notes are generally offered individually, this is the first offering of a pane of eight notes we have offered in our lengthy auction history. All notes are seen with jumbo margins, bold inks and perfect signatures. Hopefully, this sheet will remain uncut to display for future generations.

**\$1,500 and Up**

20004

**Uncut Sheet of (4) DE-76-79. Delaware. January 1, 1776. 4s-5s-6s-10s. PMG Choice About Uncirculated 58 EPQ.** No. 78497-78500. A superb offering of this original uncut sheet of four Delaware Colonial notes. While these notes are generally offered individually, this is only the second uncut sheet we have ever offered. All notes are seen with jumbo margins, bold inks, and perfect signatures. Much scarcer and more desirable as an uncut sheet, but should the aspiring bidder wish to cut this up into four individual notes, we have no doubt that they would make for a very presentable set. The other sheet that we sold was graded PMG Choice AU 55 EPQ and it realized \$1,680 back in 2017.

**\$1,500 and Up**

20005

**GA-110a. Georgia. June 8, 1777. \$8. PCGS Currency Extremely Fine 40.** No. 110. No. 8. Signed by Wood, Langworthy, Wyly, O'Bryen and Wade. A mid grade example of this rare Georgia variety with the red "in" on line four of the clause. The uniface design is boldly printed with strong red anti-counterfeiting inks observed. Popular thirteen interlocking chain links motif with "C Congress" within at bottom right. PCGS Currency comments "Small Repaired Edge Tear at Top Center."

**\$1,500 and Up**

20006

**GA-121. Georgia. September 10, 1777. \$8. PMG Extremely Fine 40.** No. 2993. Five signatures. Blue "Congress" linked chain with thirteen links representing the thirteen colonies. The highest denomination issued from this series and the most important seal type. The seal is a quintessential Revolutionary War and early American theme, making this a powerful and important type, deserving of a significant premium compared to the other denominations in the series. PMG comments "Edge Damage."

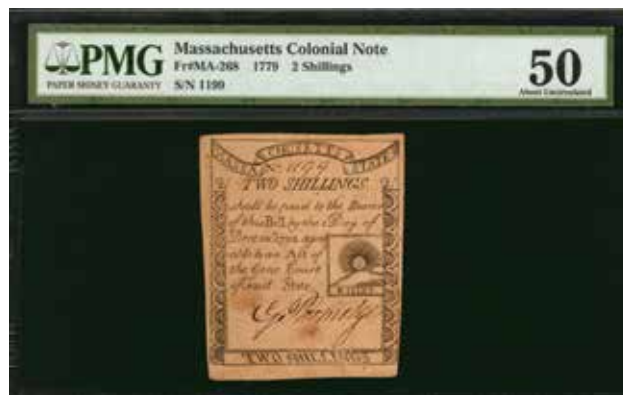

**\$2,000 and Up**

20007

**MA-167. Massachusetts. August 18, 1775. 11 Shillings. PCGS Currency About New 50 PPQ.** No. 7219. Signed by Prescott and Plympton. Tall-masted ship at bottom. Iconic Revere Sword in Hand Note. Every bold detail is seen on the Minuteman's visage. Holding Magna Charta. Surround by Latin motto ENSE PETIT PLACIDAM, SUB LIBERTATE, QUIETEM (By arms he seeks peace with freedom). In English, Issued in Defense of American Liberty. 10,000 notes issued for each denomination. A very scarce odd-denomination Sword note that is far and away Top Pop for this denomination. Any Sword in Hand note that achieves such a lofty grade as this, without any problems whatsoever, is a treasure that usually ends up in an advanced collection. The handful of times that we have sold nice AU or CU Sword in Hand notes, a magnificent five-figure price realization is always nearby.

**\$10,000 and Up**

20008

**MA-268. Massachusetts. 1779. 2 Shillings. PMG About Uncirculated 50.** No. 1199. Signed by George Partridge. Rising Sun vignette. The backs continued to use Thomas Fleet's Pine Tree vignette that was seen on both the 1776 and 1778 Codfish issues. The face plate was newly engraved by Paul Revere. PMG comments "Stains; Annotations." There are a couple of minor tone spots on the back and the pencil annotation on the back is an old dealer code. In our November sale, we sold a PMG Extremely Fine 40, which had unsightly mounting and stains, for \$780. This evening's offering is of a far higher caliber and it once resided in the Eric P. Newman collection.

**\$1,000 and Up**

20009

**MD-106. Maryland. June 8, 1780. \$1/2. PCGS Currency Very Fine 25.** No. 1449. Signed by Frederick Green and Thomas Johnson, Jr. A rare June 8th issued Revolutionary period currency known simply as “Black Money.” So named due to its thick, dark black border designs. PCGS Currency does note a Restoration, which is just some reinforcing of the center fold. It does not appear to fundamentally affect the visual impact of this rare piece. It should be noted that the fractional denomination notes from this series are seen with far less frequency than whole denomination notes. It has been almost fifteen years since we sold a fractional denomination example.

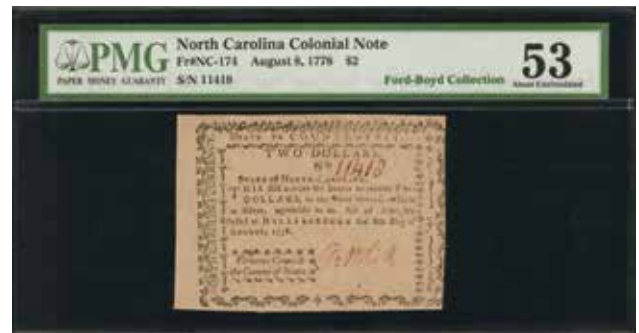

**\$1,000 and Up**

20010

**MD-117. Maryland. June 28, 1780. \$3. PMG Uncirculated 62 EPQ.** No. 4307. Signed by Frederick Green and Thomas Johnson, Jr. A fully issued “Guaranteed Issue” note whose grade is only limited by a tight left margin. The PMG holder notes “Gift to D. H. Thomas by U. S. Historian, J. T. Scharf.” Scharf was a historian, author, journalist, antiquarian, politician, lawyer, and CSA soldier and sailor. The Maryland Historical Society holds his massive collection of 18th and 19th century original source material. The higher denomination \$8 and \$20 notes are by far the most commonly seen from this series.

**\$1,000 and Up**

20011

**NC-174. North Carolina. August 8, 1778. \$2. PMG About Uncirculated 53. Remainder.** No. 11418. Signed by R. White. Motto Virtuous Councils the Cement of States. Printed on thinner dark coarse paper. Typeset face with ornamental borders. Back imprint “Printed by James Davis, 1778.” This was the only motto used on these \$2 notes. A little close on the right but otherwise superbly margined. PMG calls this note a Remainder, a fact that shows how the nuances of early American paper money continue to elude them to this day. The \$4 and higher denominations have two signatures. The \$2 and lower denominations only have a single signature. The detail and light degree of circulation is rarely seen on notes from this scarcer denomination. From our Ford XV sale in 2006 at over \$500. In today’s rapidly advancing market this should easily be worth double that figure.

**\$1,000 and Up**

20012

**NC-176. North Carolina. August 8, 1778. \$5. PMG Choice Uncirculated 64 EPQ.** No. 33704. Signed by Richard Cogdell and Jesse Cobb. Motto “The Rising States.” Typeset face with ornamental borders. Back design with imprint “Printed by JA. Davis, 1778.” An extraordinary example that is tied for Top Pop at PMG. An illustrious representative for an advanced North Carolina collection or a Thirteen Colonies type set.

**\$1,250 and Up**

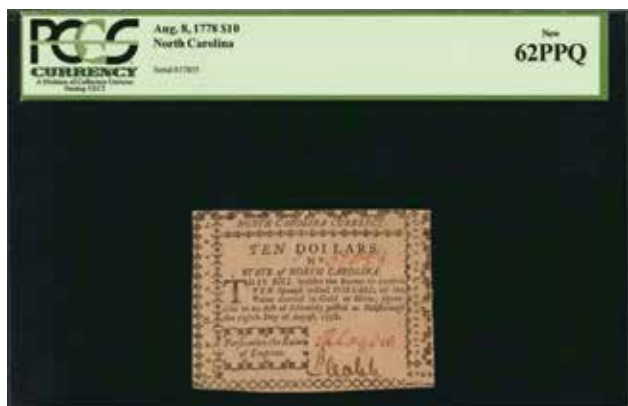

20013

NC-177. North Carolina. August 8, 1778. \$10. PMG Choice Uncirculated 63. No. 48349. Signed by Joseph Armitage and H. Machilwien. Motto "Union of Hearts the Strength of Interests." Typeset face with ornamental borders. Back design with imprint "Printed by James Davis, 1778." A high grade example and one that is not normally seen at such a Choice grade level. The reason for the omission of the EPQ designation is a mystery.

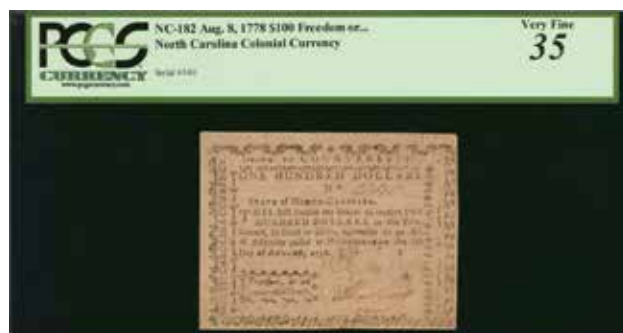

\$1,000 and Up

20014

NC-177. North Carolina. August 8, 1778. \$10. PCGS Currency New 62 PPQ. No. 37855. Signed by Richard Cogdell and Jesse Cobb. Motto "Persecution the Ruin of Empires." Printed on thick paper. Typeset face with ornamental borders. Back design with imprint "Printed by J. Davis, 1778." Everything about this note is of the highest quality except for the fact that the margins are rather tight. The PPQ designation is well deserved.

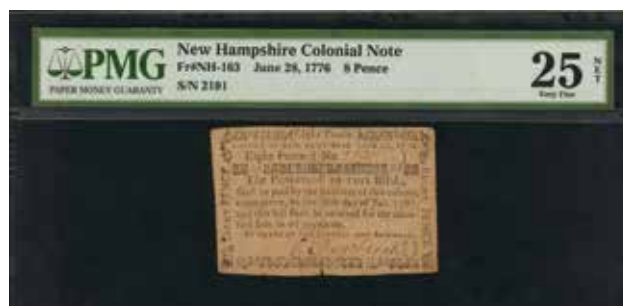

\$1,000 and Up

20015

NC-182. North Carolina. August 8, 1778. \$100. PCGS Currency Very Fine 35. No. 540. Signed by Benjamin Hawkins and Caswell. Motto "Freedom, or an honorable Death." The highest denomination from this series. Back design shows imprint "Printed by James Davis, 1778." With only 2,500 printed this is also the scarcest and most desirable denomination. The italicized grade is due to Edge Tears as mentioned by PCGS Currency. This is likely one of the nicest pieces you will be able to find. Never seen at loftier grade levels like for the lower denomination notes.

\$1,250 and Up

20016

NH-163. New Hampshire. June 28, 1776. 8 Pence. PMG Very Fine 25 Net. Tears. No. 2191. PMG lists five examples for this catalog number in their grading census, with just one note graded finer than this example. PMG comments "Tears." PMG Pop 1/1 Finer.

\$800 and Up

20017

NJ-172. New Jersey. February 20, 1776. 15 Shillings. PMG Extremely Fine 40. No. 2594. Boldly signed by John Hart, Signer of the Declaration of Independence. PMG has correctly noted a Previous Mounting on the back of the holder. This is commonly referred to as the "Raid" issue or "Proclamation Money." John Hart signed notes are seen much more frequently on the subsequent March 25th issue, but not so much on this February series.

\$1,000 and Up

20018

**NJ-176. New Jersey. March 25, 1776. 18 Pence. PMG Superb Gem Uncirculated 67 EPQ.** No. 12846, Plate B. A coveted Gem offering of this 18 Pence note, which offers wide margins and dark pennaed details.

**\$800 and Up**

*From the Cape May Collection.*

20019

**NJ-178. New Jersey. March 25, 1776. 6 Shillings. PCGS Currency Superb Gem New 67 PPQ.** No. 18992. A lofty Gem example of this New Jersey 6 Shillings note which offers boldly pennaed details and dark orange underprints.

**\$1,000 and Up**

*From the Cape May Collection.*

20020

**NJ-179. New Jersey. March 25, 1776. 12 Shillings. PCGS Currency Superb Gem New 67 PPQ.** Signed by Smith, Johnston and Stevenson. An exceptional 12 Shillings note that is broadly framed by jumbo margins. The black and red printed inks are incredibly bold and sharply detailed. One of the nicest we have ever offered.

**\$1,000 and Up**

*From the Cape May Collection.*

20021

**NY-198. New York. August 13, 1776. \$1/16. PMG Choice About Uncirculated 58.** No. 8510. Signed by David Currie and Isaac Sebring. Printed by Samuel Loudon. Equal to six pence, New York Currency. This was the lowest denomination of the series and very choice for the grade. Over a decade has passed since we last sold an example of this better denomination. The margins range from wide to enormous on all sides. Some trace corner handling accounts for the assigned grade. This note is representative of the expression “eye appeal sells notes.” Its technical grade notwithstanding, this is one of the prettiest ones you will find.

**\$1,000 and Up**

20022

**SC-141. South Carolina. December 23, 1776. \$8. PCGS Currency Choice About New 55.** No. faded. Signatures of George Cooke, James Fisher, and Nathaniel Russell. Fourth vertical signature faded. Fully Signed and Issued. Sailing Ship vignette at left. Latin motto MULTORIUM SPES, which Newman translates “The hope of many.” The back states “Death to Counterfeit.” This denomination was equivalent to 13 Pounds. Imprint “Printed by Pet. Timothy, 1777.” A nice AU note is about as nice as these fully signed notes are found. While Reminders are seen in all sorts of lofty gem grades, such is not the case for fully issued notes, which are essentially unknown in uncirculated condition.

**\$1,000 and Up**

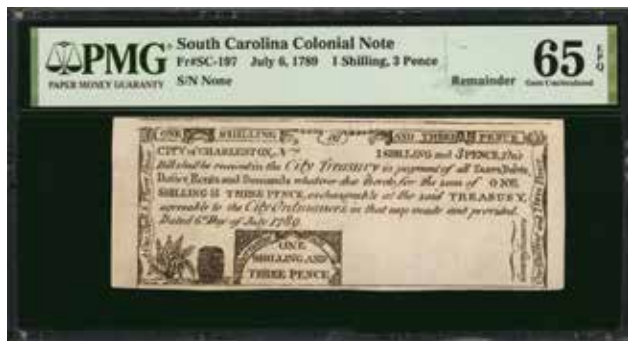

20023

**SC-158. South Carolina. February 8, 1779. \$90. PMG Choice About Uncirculated 58 EPQ.** No. 5822. Signed by John Scott, Theodore Gaillard, Jr., and Plowden Weston. The face shows a warrior at left. Latin motto ARMISA CONCURRITE CAMPO, which Newman translates "Assemble the field of arms." Back vignette of Hercules strangling the Nemean Lion. Faces and backs elaborately engraved by Thomas Coram of Charleston. Only a couple better have been graded by PMG but we are dubious that they could be any prettier than this evening's offering.

**\$1,250 and Up**

20024

**SC-197. South Carolina. July 6, 1789. 1 Shilling, 3 Pence. PMG Gem Uncirculated 65 EPQ. Remainder.** Remainder. Top Pop at PMG for the entire 1789 Issue. These notes were issued in order to redeem city issues that had become worn or mutilated. The second occurrence of Treasury is misspelled "Treasury." A printing of 12,000 for this denomination. Very often seen in AU grade but actually quite rare at the CU level. In our March sale this year, we sold a PMG AU 50 (no EPQ) example for \$576. This note is the ultimate example that any collector could hope to find from this esoteric later series.

**\$1,000 and Up**

20025

**Uncut Vertical Strip of (3). VA-123 to 125. Virginia. October 20, 1777. \$1/3 to \$1. PCGS Currency New 62.** No. 2447. These notes are scarce individually in Uncirculated grades let alone being uncut as a strip. All are seen with lovely ink quality throughout and strong penned details. Sheet folds between the notes is all that we can see that limits the grade. The only other multiple we have sold was a strip of three, also at this same PCGS New 62 grade level, which realized over \$4,000 in our 2014 Winter Baltimore sale. This is certainly a piece that will be a highlight in any collection of Colonial Currency.

**\$2,000 and Up**

20026

**VA-200. Virginia. October 16, 1780. \$400. PCGS Currency Very Fine 20 Apparent. Major Restorations; Backed; Design and Signature Redrawn.** No. 226. Signed by J. Hopkins and B. Webb. Printed on very thin paper. Uniface, standard size approximately 100mm by 80mm. Typeset, ornamental border cuts. Obligation seen on this series only, "An Act for the more effectual and speedy clothing for the Army." There were many less examples of this type issued than the printed denomination back notes. PCGS Currency notes "Major restorations, backed, design and signatures redrawn." A typical thin paper Virginia note but without all the holes, tears, and large missing pieces. Virtually all of these are lower grade (Very Fine is about as good as it gets) and with a plethora of problems. The Newman note was a problem free PCGS VF 30 and it sold for close to \$4,500. This note is an easy multi-thousand dollar proposition.

**\$1,000 and Up**

## CONTINENTAL CURRENCY

20027

**CC-22. Continental Currency. February 17, 1776. \$2/3. PMG Uncirculated 62.** No. 544344. Boldly signed by Nathan Sellers. Imprint of Hall and Sellers. Face and back motifs created by Franklin. Face emblem, at right, sundial with blazing sun shining, FUGIO in left circular border, MIND YOUR BUSINESS in the exergue. Border cuts on all sides with obligation in left center. Back with interlocked thirteen link chain with names of the first colonies, this encircling rayed central motto WE ARE ONE within circular border with AMERICAN CONGRESS. These powerful Franklin inspired motifs created from his early Poor Richard's Almanacs. Fractional denomination notes, \$1/6 to \$2/3, are the only ones seen in the entire Continental Congress series. They are fractional Continental Dollar notes utilizing the Franklin's Fugio design. Nice AU and CU examples such as this one is elusive since the vast majority were hard used as the smallest piece of paper money change available in commercial channels. Very bold printing on both sides with inspiring clarity of the vignettes. Deeply embossed over fresh and original paper surfaces. PMG notes it is Stained. In last year's ANA sale we sold a PMG AU 50 EPQ for \$1,860. The eye appeal of this piece is unrivaled by few we have sold. An exemplary type which is a must have for many American paper money collectors.

**CC-29. Continental Currency. February 17, 1776. \$7. PMG Choice Uncirculated 63.** No. 13603. Signed by Redman and Bond. A very pretty example of this better \$7 Continental. There is a vignette of a storm at sea. Surrounded by the motto SERENE BIT (It will be calm). From the Ford collection. We have not sold an example of this better denomination note since 2015.

**Uncut Pair. CC-34/35. Continental Currency. May 9, 1776. \$4-\$5. PMG Choice About Uncirculated 58.** No. 13368. Signed by John Ord and William Webb. Uncut Pair of \$4-\$5 notes. Printed by Hall & Sellers. The \$4 note has vignette of Boar Charging Spear. The \$5 note a Hand Pricked by Thorns. Obviously from the bottom of a formerly complete uncut sheet. Seen with huge margins on three sides. The last couple of nice AU notes that we have sold from this series have realized in the upper hundreds of dollars each. This is a golden opportunity to obtain a beautiful Continental pair that could be cut into two lovely notes or kept as is.

**CC-39. Continental Currency. July 22, 1776. \$2. PMG Very Fine 30.** No. 33482. Signed by Benjamin Levy and John McHenry. Emblem of Grain being threshed by a flail. Latin motto TRIBULATIO DITAT, which Newman translates "Affliction Improves It." Although a couple of the borders are a trifle rough, one could easily straighten those out if he so chooses. This note appears to be reasonably mundane at first glance, but it is not. The bold red signature of Benjamin Levy always adds plenty of value to any Continental. Levy was the only Jewish signer of Continental Currency. It was long thought that Ben Jacobs also descended from one of the twelve tribes, but that theory was debunked several years ago. The fifth edition of Newman's Early Paper Money of America states that Levy and McHenry were not signers of this July 22, 1776 emission, which is clearly not the case. We have done a voluminous search of auction results and can only find two other examples bearing either of these signers from this series, and both together on the same note. One was a \$4 note, which was a soiled Extremely Fine, that realized \$776.25 back in a 2004 sale. The other was a \$30 note, which we called About Extremely Fine, that realized \$528.75 in our 2013 ANA sale. The aforementioned \$4 note bore serial number 33451, and the \$30 note displayed serial number 33540. This evening's offering has serial number 33482. It seems apparent to your knowledgeable cataloger that there was obviously a short range of sheets signed by these two men and that it was a very limited group, as evidenced by the dearth of known survivors. There are very knowledgeable collectors of Continental Currency signers that no doubt will see this as an incredibly intriguing piece deserving of further study.

**CC-62. Continental Currency. February 26, 1777. \$30. PMG About Uncirculated 50.** No. 4032. Signed by Coale and Johnson. Emblem of a wreath on a tomb. Latin motto SI RECTE FACIES, which Newman translates "If you act righteously, you will be honored after death." The notes from this series were issued "at Baltimore." While the British occupied Philadelphia, the Continental Congress met in Baltimore from December 20, 1776, to February 27, 1777. This is the final issue which utilized the dual-emblem back on \$30 notes. A deeply printed example that is one of the nicer pieces we have sold.

**CC-71. Continental Currency. April 11, 1778. \$4. PMG Choice About Uncirculated 58 EPQ.** No. 3634. Signed by D. Reintzel and S. Bryson. The emblem on the \$4 Continental notes show a Board Charting Spear with the motto AUT MORS AUT VITA DECORA, which Newman translates "Either death or an Honorable Life.) A gorgeous York Town with full sheet margins at the left end and bottom. A show piece on this lowest denomination note from the emission. This is one of the scarcest denominations from this scarcest Yorktown series, one which was heavily counterfeited by the British, resulting in many notes being recalled and destroyed. Due to the inflation of the scantily backed Continental Currency, this \$4 denomination was the lowest issued for this series. Tied with one other at PMG for Top Pop. It should be mentioned that the other PMG Choice AU 58 EPQ sold for \$3,760 back in 2015 and it cannot hold a candle to the quality of the present offering.

20033

**CC-100. Continental Currency. January 14, 1779. \$65. PMG About Uncirculated 55 EPQ.** No. 34566. No. 23410. Signed by Stretch and Leacock. Emblem of a hand holding a balance. Latin motto FIAT JUSTITIA, which Newman translates "Let justice be done." A boldly printed piece that is lightly circulated and choice. Rich red inks stand in bold contrast to the black text and border design elements. A much scarcer denomination that is found only in this eleventh and final emission. The Newman note as an inferior PCGS Apparent About New 58 and still it realized \$720 in 2017. In our November Baltimore sale, we sold a PMG AU 55 (no EPQ) and that realized \$1,140. Your cataloger would be shocked if this did not bring a four-figure price.

**\$1,000 and Up**

20034

**CC-101. Continental Currency. January 14, 1779. \$70. PMG About Uncirculated 53.** No. 17214. Signed by Dwister and Gaither. This is the second-highest denomination Continental note, only found in this eleventh, and final, Continental emission. The need arose for higher denominations due to rampant inflation at this time. The emblem shows a tree standing alone. The motto VIM PROCELLARUM QUADRENNIUM SUSTINUIT, which Newman translates "For four years it has withstood the force of storm." This is the lengthiest motto seen on Continental currency. Uncirculated examples are really scarce and even nice AU notes are not so easy to locate. The Newman note graded PCGS EF 45PPQ and escalated to a solid four-figure price. This better, more desirable Continental should easily achieve a spot in our estimate range.

## ARTWORK

### Uniquely Styled and Exceedingly Rare American Bank Note Company Presentation Frame Proof Notes from Argentina, Brazil, Canada, Chile, Colombia-Panama, Ecuador, Greece, Peru, Nova Scotia, and the United States

20035

**1890's American Bank Note Company, New York Presentation Frame.** We had the privilege of offering this spectacular item in our 2019 August ANA sale where we described it as:

"A remarkable numismatic treasure and possibly the only example available to the collecting community. On September 28, 1988, the American Bank Note Company auctioned through Christie's Robson Lowe New York several elaborate collages of proofs featuring the foreign and United States bank notes which they had once printed.

"A total of ten frames were sold, but just seven contained a combination of bank notes from select countries and various postage stamps. The others displayed only vignettes and stamps.

The seven which contained bank notes and stamps were resold in Sotheby's October 24, 2007, auctioned as "Property from the HSBC Corporate Art Collection." Each frame brought a minimum of \$109,000, with the top frame realizing in excess of \$300,000 in that sale. It is our understanding that six of the seven were purchased from that sale and donated to the Numismatic Collection of Yale University. To the best of our knowledge, this is the only example that contains bank note proofs from the ABNC archive that is available to collectors.

"At the center is a circular engraving of the Peruvian Coat of Arms. Above, "AMERICAN BANK NOTE COMPANY" tails across the entire frame. Below is "NEW YORK." A bust of Washington is located at the bottom center. Around the border

are 26 small portraits of Presidents, and others that have been used on various bank notes issued by the American Bank Note Company. "AMERICAN BANK-NOTE COMPANY, NEW YORK." is etched into the gold painted wood frame in large letters at the bottom.

"There are a total of 23 bank note proofs, from the United States, Argentina, Brazil, Chile, Panama, Peru, and Nova Scotia. There are 158 stamps proofs from: (16) Buenos Aires 1869 Law stamp essay, (16) Peru 1866-67 20 cent, and (126) Nova Scotia 1860-63 5 cent. Banknote Highlights include:

- Canada. The Ontario Bank, Montreal. \$20, (18xx).
- Colombia/Panama. (2) Banco de Circulation y Desuento de Perez y Plans. 3 & 5 Pesos, (18xx).
- Greece. Bank of Greece. 25 Drachmai, (1863-1867).
- Peru. Banco Del Peru. 1000 Pesos, (18xx).
- United States. Obsolete Currency. The City Bank of Poughkeepsie. \$20, (18xx)
- United States. Federal Currency. 1861 \$50 Interest Bearing Note.

"We encourage participation from the most advanced numismatic collectors as we feel a marvel such as this belongs, and will likely find its place among one of the finer collections of paper money in the world. With the ornate, extra large gold frame, this is a 'stop you in your tracks' museum piece. This

particular treasure is without question one of the greatest wonders of Numismatic history we have ever had the privilege of offering.

"Condition: Some discoloration and toning is seen from the backing. Some minor repairs are noted around the gold colored frame. Chips are seen around the frame. Minor paper repairs at top left border of the inner portion of the backing, with no notes appearing to have any repairs. Some of the notes show signs of toning due to the backing. Minor water stains at top and bottom backing. Some notes display minor toning. Dimensions: H 69 in. X W 39 in.

"Estimated Weight: 75 lbs."

In that auction it realized \$108,000. With the current market demand for the best, we expect this to bring in the range of our estimate.

## Impressive Joined Four-Panel Danforth, Bald & Co. Advertising Sheet

20036

**Danforth, Bald & Co., Philadelphia [and] New York. Four panels comprising a complete Advertising Sample Sheet. 1850s. Joined.** Security Engraving History. India Paper Proof Impressions, backed on card. Each printed panel approximately 16x x 19 inches, on slightly larger cards. All have been joined together, Total dimensions of combined four panels 31" x 37". Total framed size 38" x 43"

A superb display of the banknote engraver's craft, loaded with intricate vignettes of widely varying themes, all arranged in an ornate design of gothic style framing around a large central urn. We are aware of only two other examples of this sheet. The sheet is heavily toned, but

appears overall damage free save for some restoration at top right. An outstanding artifact of 19th bank note engravers' art, from one of the leading firms prior to the foundation of American Bank Note Company in 1858.

## Superb and Very Rare Fairman, Draper, Underwood & Co. 1830 Series Sheet

20037

**Fairman, Draper, Underwood & Co. Panel 3. Engraver's Proof Sample Sheet. 1830.** India paper proof on large sheet. Printed from a single plate. 40cm by 43cm. Mounted on board[?] and framed in gilt painted frame. A wonderful presentation from this prolific Philadelphia and New York firm. Centered is a reverse image of the DuVivier "Washington before Boston" obverse from the Comitia Americana medal series. The title imprint is at the bottom. The medal is surrounded by four large cameos and multiple smaller vignettes. There 17 are major vignettes, 18 other cameos, 15 end panels, and several small base elements. Similar to Smythe July 2006: Lot 2551. A rare sheet with perhaps 10 or so known. This sheet exhibits some India paper flaws on a few of the cameos, but appears to have been pressed out well prior to mounting and framing. As a display piece it is quite eye catching. Framed well and ready to display.

**Fairman, Draper, Underwood & Co., Philadelphia. No. 2. Framed Advertising Sample Sheet. 1830.** Single plate impression. India paper proof, approximately 13-1/4" x 17-1/4". Narrow shaded lathe frame borders with rectangular breaks at centers. Top, numeral "2" and bottom, date "1830." Across center, firm title in white outlined Gothic over dark lathe, lightening towards top and bottom. Symmetrically arrayed elements featuring vignettes used on note, panel lathes with and without denominations, portrait end panels, and small bottom center note vignettes. A boldly printed and vibrant example boasting excellent ink flow across from the large single plate. Some light water staining noticed but hardly effects eye appeal. Very rare and historically important. The highest bidder lands a monumental display piece mapping this important intersection of American artistry and banknote engraving history.

## Magnificent Rawdon, Wright, Hatch and Edson Advertising Sheet

### Impressive and Very Rare

20039

**Rawdon, Wright, Hatch & Edson Bank Note Engravers, New York. Advertising Sample Sheet. 1850s. Choice Very Fine.** Immense single plate impression, approximately 26" x 35". Printed on India Paper, likely mounted on card as was typical, though we have not seen this one out of the elegant modern but period-style wood and gilt frame. Total outside dimensions are 28" x 38". Some light staining is seen around the borders. Large tear at bottom measuring around 8 inches, and a large tear at top measures 4 inches. This is one of a very rare class of engravers' sample sheets, as the typically seen sheets are in much smaller format and thus were much less ambitious undertakings by the firms that made them. We are aware of five different large-format sheet designs. Two bear the titles of Danforth, Bald & Co., and Danforth Wright, & Co., respectively. These are essentially identical designs other than the title change, but were printed as four panels and then assembled. We are aware of two examples from each title variant, though some are unassembled. Another of this four-panel style was by Rawdon, Wright, Hatch and Edson, though we have never seen it in print and know it only from having seen one of the four steel panels used to print it

The present sheet is a magnificent composition and a fine showcase of the engraving firm's art. There are more than 200 individual engraved elements including portraits, historical scenes, coin vignettes and others, all elegantly arranged within and around a large urn-shaped cartouche. The urn is positioned atop a bank-note style advertising note bearing the titles of Rawdon, Wright, Hatch & Edson, and New England Bank Note Company. A large medallion portrait of George Washington, after the famed Houdon Bust, is the central design element and decorates the side of the urn's massive bowl. We are aware of five examples of this impressive sheet. We sold a nearly identical example in our August 2017 ANA auction for \$15,275. A superb display piece.

# OBSOLETE NOTES

## CALIFORNIA

### Wide Format Emperor Norton I 50 Cents Note

20040

**San Francisco, California. Imperial Government of Norton I. 1870s 50 Cents. PMG Very Fine 25.** There are a few distinct Norton I note types (as in the defining 1962 Fred B. Marchkhoff listings) and this type is among the rarer in our opinion. The Norton I notes are iconic American Currency Notes and to this day, fascinating San Francisco historical artifacts.

Uniface, printed on bond paper. Very wide. Lithographed without imprint at base, possibly Charles A. Murdock & Co. [per Marchkhoff article]. At the upper left, half-length Norton I

portrait in uniform. The California State seal at the upper right under "UNITED STATES". Titles at top center with outlined "NORTON I" at top center. Obligation below with the note due in 1880, with conversion to 5% interest bonds. The note could be extended by the holder for 20 years at 7% interest. Marchkhoff General Type 5. Hand dated January 2, 1878 with written serial number 2439. Boldly signed at the lower right "Norton I Emperor". PMG comments "Previously Mounted, Splits."

Durand Page 63. This bank's notes were virtually unknown prior to the 1990 American Bank Note Company Archives sale by Christie's. Fortunately these Santa Claus sheets and some single notes from this bank surfaced from the archives and were offered for sale. None of the sheets from this type have the red protectors. Each note stamped on the back of the card by the American Bank Note Company. A blazing white India paper on card sheet. The Santa Claus is exceptionally vivid and as nice as one could hope for. **Partial Uncut Sheet of (6) Tickets. Paterson, New Jersey. Paterson Lottery of the Society for Establishing Useful Manufactures. Ca. 1797. Extremely Fine. No's. 6498-6503.** Printed on laid paper by J. Woods. Signed by J.B. Rea. 118mm x 41mm. A nearly complete uncut strip, the top note is cut off, while the third note is split at left along a fold, with an angular tear from right margin into its right side. An interesting piece, missing only the bottom note with plate letter "K," as the plate letters on a complete 7-subject sheet would have spelled NEW YORK from top to bottom. A complete strip was offered as lot 5537 in R.M. Smythe's March/April 1993 auction of lottery tickets from the James DuPont collection, the only other similar strip we have noted. The Society of Useful Manufacturers was the brainchild of Secretary of the Treasury Alexander Hamilton and was established in 1791 as a public-private partnership to promote development along the Passaic River in northern New Jersey. The goal was to harness the river's Great Falls to power mills in the surrounding environs, an area that was chartered as the City of Paterson. The Society was successful in promoting the industrialization of Paterson, which over the years was centered on cotton, then steel, then silk before industry there faded in the 20th century.

**Fr. 18. 1869 \$1 Legal Tender Note. PCGS Banknote Gem Uncirculated 65 PPQ.** The 1869 Series of Legal Tender Notes are among the most desirable issues in all of American federal currency. Instantly recognizable by their beautiful hues of green, blue and red. Bills from this series are popularly referred to as "Rainbow Notes." The \$1 offered here portrays George Washington within an oval frame at center. The portrait was engraved by Alfred Sealey and was based on the famous painting by Gilbert Stuart. At left is the vignette Columbus in Sight of Land as engraved by Joseph P. Ourdan. Green tints are seen along the top border of the design and a green serial number panel is to the lower left. A large red spiked Treasury Seal is at right. The serial numbers are in red and found to the lower left and upper right. The type features the engraved signatures of Treasury officials Allison and Spinner at the bottom left and

right respectively. The back is intricately printed in green with the imprint of the National Bank Note Company at bottom center. Legal Tender and anti-counterfeiting language are found in a panel at right. These notes come on blue tinted security paper based on Wilcox's 1866 patent. Series of 1869 notes were issued from October 19, 1869 to July 25, 1874. Nearly 42 million examples of the \$1 denomination were printed.

The presently offered note displays wonderful Gem details with all the qualities collectors could dream of. ## Gem 1863 \$5 Legal Tender

20113

**Fr. 63a. 1863 \$5 Legal Tender Note. PMG Gem Uncirculated 65 EPQ.** Here is an incredibly well preserved and wholly original 1863 \$5 Legal Tender that exhibits wide, evenly spaced margins and brilliant green and red inks. These early Legal Tender Notes are rarely found well centered. This example is an exception as the face is ideally centered on the creamy white paper. The engraved design elements are all vividly detailed in bold black ink. This is a wonderful representation of this always popular early federal \$5 design type.

As \$5 Demand Notes are rarities, the earliest readily collectible \$5 bills are the Legal Tender Notes of the Series of 1862 and, as here, 1863. These were produced in quantity and most in the marketplace today are well circulated.

The face motifs are the same as used on the \$5 Demand Notes. To the left is the statue Freedom created by Thomas Crawford and placed atop the Capitol in 1863, where it remains an icon today. To the right is a portrait of Alexander Hamilton by Archibald Robertson (which is quite unlike the “popular” portrait of Hamilton that is seen on many other notes).

The face, back, and tint plates for the \$5 Series of 1862 and 1863 Legal Tender Notes were engraved by the American Bank Note Company. Printing was shared by both the American and National Bank Note companies for the Second Obligation notes, as here. The Treasury signatures of Chittenden and Spinner were printed on the face by using a separate plate and a special ink. Spinner’s dramatic signature has been discussed in numismatic print many times and is more distinctive than any other.

Printed on the plate for F-63a is: Act of March 3d 1863 / March 10th 1863/ One serial number. Second Obligation back. New Series 65 to 75. 1,000,000 were printed. An estimated 200 or so exist today, mostly in lower grades.

## Gem \$5 Rainbow

20114

**Fr. 64. 1869 \$5 Legal Tender Note. PCGS Banknote Gem Uncirculated 66 PPQ.** Broad margins and rich hues of green, red and blue are seen on this lovely 1869 \$5 Legal Tender Note. This series is popularly referred to as “Rainbow” notes due to their colorful appearance. As with all of the Series of 1869 notes, this was issued for less than five years, from October 19, 1869 through July 25, 1874.

This type represents the first appearance of Andrew Jackson on federal currency, and this portrait style remains in use today with modifications. The image was engraved by Alfred Sealey after Thomas Sully’s original 1845 painting. The original painting is owned by the National Gallery of Art in Washington D.C., and was gifted to the institution by Andrew W. Mellon, one-time Treasury secretary.

This was also the first series to feature the vignette Pioneer or Pioneer Family, for which this style is generally named (though it is often referred to as a “woodchopper” note by some collectors). The central vignette was engraved by Henry Gugler and thematically it embodied the spirit of the “Westward course of Empire” movement, something very much on the minds of many Americans at the time.

## Gorgeous 1863 \$10 Legal

20128

**Fr. 95b. 1863 \$10 Legal Tender Note. PCGS Banknote Uncirculated 62.** New Series 52. Two serial numbers. With ABNC imprints. A wonderful example of this Civil War era \$10 Legal Tender Note. This example offers wide margins and bright paper. The dark green undertint surrounding the counters and obligation on the obverse remain attractive in bold ink. Cherry red serial numbers and the treasury seal retain excellent eye appeal. The reverse of the note shows intricate lathe work with the design found in dark forest green ink.

The Series of 1863 notes continue the motifs used on the First and Second Obligation Legal Tender Notes of 1862. The "obligation" is lettered on the back, and for the 1863 notes reads "This note is a Legal Tender for all debts public and private, except for duties on imports and interest on the public debt, and is receivable in payment of all loans made to the United States."

In the hectic and confused monetary situation of 1863, duties on imports and payments in public debts had to be made in specie-

gold and silver coins-which could be purchased from banks and bullion dealers by paying a stiff premium in Legal Tender Notes.

The face design is the same as that used earlier on \$10 Demand Notes and features the portrait of Abraham Lincoln engraved by Charles Burt who utilized a photograph taken by C.S. German. At the top is a stock vignette of an American eagle created by Toppan, Carpenter and Company for use on state bank notes, passing to the American Bank Note Company in the merger of 1858. To each side is a green "10" counter. To the right is seen a standing woman, an artist with palette and drawing board, variously called Art or Painting.

All face plates have a stylized "n" for National Bank Note Company. The print run was 800,496. We estimate that fewer than 200 exist, most of which are in lower grades.

**Fr. 96. 1869 \$10 Legal Tender Note. PCGS Banknote Choice Uncirculated 63.** These 1869 Legal Tender Notes are commonly referred to as “Rainbow” notes due to the presence of green and red overprints inks that when combined with the blue tinted security paper provide a colorful appearance. The engraved design elements are boldly inked and strikingly detailed.

At bottom center is an eagle perched upon a shield and clutching an olive branch and arrows. When inverted the eagle resembles a donkey lending to the popular “Jackass” nickname by which these notes are commonly known. The same design was used on the top of Fractional Currency Shields. This particular rendition of the national bird was continued on Legal Tender Notes through and including the Series of 1880.

## Lovely 1863 \$20

20151

**Fr. 126b. 1863 \$20 Legal Tender Note. PCGS Banknote Choice Uncirculated 63.** The design features Liberty standing at center with sword and shield in hand ready to defend the Union. Ornate denomination counters flank her to left and right with a large green 20 seen at top center. This issue has the Second Obligation back layout with the text inside an oval frame. Bright paper and bold ink are also of note. The eye appeal of this note is excellent and offers four nicely framed margins with good centering and nice originality, however it appears a small spot of foxing in the bottom left corner prevented the PPQ designation.

This issue continues the general face design used on \$20 Demand Notes. At the center is the standing figure of Liberty with a sword in her right hand and with her left resting on a shield. We estimate that about 734,000 were printed. We believe that fewer than 200 can be accounted for today.

This scarce type note features the side profile of Alexander Hamilton (facing right) at left. Standing at right is the goddess Liberty, holding a shield aloft in her right arm and a walking stick in her right. She wears a helmet adorned with an eagle on top. The allegorical image is based on a drawing by John W. Casilear who earlier was a partner in the banknote printing firm Toppan, Carpenter, Casilear & Co. A large reddish-pink spiked Treasury Seal is just to the left of center, while like colored serial number panels are to the bottom left and top right. The engraved signatures of Treasury officials Allison and Spinner are found along the bottom edge of the design. This type comes on paper with a blue tinted security streak based on Wilcox's 1866 patent. The back is boldly printed in green and is geometric in appearance. The Legal Tender clause and anti-counterfeiting language appear within a circular frame at center, flanked by a large Roman numeral XX at left and 20 at right. Red ornamental XX protectors are found left and right of the large 20 counter at center and a red spiked Treasury Seal is at lower right. ## Important 1863 \$50 Legal Tender Note

20165

**Fr. 150. 1863 \$50 Legal Tender Note. PCGS Banknote Extremely Fine 40.** A true trophy note and one of the most important types in the Legal Tender series. These early \$50s are a key note in any important large size type collection. Just around 50 examples are known for all combined catalog numbers of the type, including 1862 and 1863 dated examples. Just ten examples of this 1863 \$50 Legal Tender Note are known to the collecting public, with most coming from a short serial number run of high grade notes. This example, with serial number 13315, is consecutive to the Joel R. Anderson Collection note that last realized \$192,000 in our November 2019 Baltimore auction.

The type features the side profile of Alexander Hamilton in an oval frame just left of center. Green border prints and a green security panel are seen on the face along with intricate black 50

die counters at left and right. A red spiked Treasury Seal is to the upper right of center while the red serial number is printed near the top right corner. A green patent date of April 28th, 1863 is near the top left border. This catalog variety is found with "NEW SERIES 2" at top right. The back has the Second Obligation wording among intricate geometric lathe work.

Full margins and bright, modestly circulated paper are observed on this note. The red overprints remain vibrantly colored and bold while the engraved design elements are sharply detailed and darkly inked. This is a remarkable note and a necessary type in any serious large size type collection.

## 1869 \$50 Rainbow

20166

**Fr. 151. 1869 \$50 Legal Tender Note. PMG Fine 12.** An often difficult to locate \$50 from the popular Rainbow series, with just 70 examples reported in Track and Price's census. This example is being offered in a Fine state of preservation, and albeit well handled retains good appeal of the primary design with just faint blue underprint noticed. While this note is found in a Fine 12 grade, it faces up quite well offering good color and detail of the design. This note last traded hands publicly 21 years

ago for \$8,800. Allegorical figure of Peace is found standing at left with Mercury in hand along with laurel leaves. A portrait vignette of Henry Clay is found at right, whom served as the 9th Secretary of State from 1825 to 1829. Clay was called the "Great Compromiser" during his tenure in politics for helping to defuse sectional crisis among political parties at the time. PMG comments "Restoration."

## Rare Fr. 169 1875 \$100 Legal Tender Note One of Just 13 Known

20169

**Fr. 169. 1875 \$100 Legal Tender Note.** PMG Very Fine 30. This is a rare \$100 Legal Tender note for which only 13 examples are known, three of which are in permanent institutional collections and forever unavailable to collectors. The face design of this note is much the same as seen on the earlier 1869 \$100 “Rainbow” note, with Lincoln portrayed at left, a small Liberty head at bottom center, and Reconstruction at right. For the 1875 series a pink decorative overprint is featured near top center, with a pink spiked Treasury Seal near bottom right. The serial numbers are blue and followed by a Maltese cross instead of a star at the end. The engraved signatures of Allison and New flank the small

Liberty head at bottom center. The back design is more intricate than on the 1869 notes, with 100 counters in the top corners and Roman numeral Cs in the bottom corners. The Legal Tender clause is at left along with anti-counterfeiting language.

Modest circulation is seen on this example, that has broad margins and bold pink overprint inks. All of the engraved design elements are displayed in sharp detail. PMG comments “Minor Restoration, Small Tear” on the back of the holder. The presence of these does little to distract from the desirability of this rarity.

**Fr. 172. 1880 \$100 Legal Tender Note. This rare catalog number displays the engraved signatures of Treasury officials B.K. Bruce and James Gilfillan. Just nine of

this rare Friedberg number are available to collectors while three are permanently impounded in institutional collections.

Third-party grading service PMG has graded and encapsulated this note as Choice Uncirculated 63 with the comment "Ink Lightened" added to the back of the holder. The paper is bright and well margined while the printed inks are bold and vividly detailed. This is a wonderful representation of this very scarce design type.

**Fr. 177. 1880 \$100 Legal Tender Note. PMG Extremely Fine 40.** Just 21 examples of these Rosecrans-Huston signed 1880 \$100 Legal Tender Notes are recorded in the Track & Price census. The portrait of Abraham Lincoln seen in the upper left was engraved by Charles Burt from a photograph taken by Anthony Berger at Mathew Brady's studio in February 1864. A small vignette of Miss Liberty wearing a Phrygian cap is seen at bottom center. The scene at right is titled Reconstruction and shows a woman with a carpenter's square, a child holding a scroll showing a pergola and the U.S. Capitol dome unfinished in the background. A large peach colored spiked Treasury Seal is

seen just to the right of center. Bold blue printed serial numbers are to the lower left and upper right of center.

This broadly margined example comes on bright white paper that exhibits little sign of circulation. PMG has assigned the grade of Extremely Fine 40 to this example while adding the comment "Restoration" on the back of the holder. This is a wonderful example of a very difficult to obtain design type.

## Rare Fr. 180 1880 \$100 Legal Tender Finest of Only Six Known

20172

**Fr. 180. 1880 \$100 Legal Tender Note. PMG Choice Extremely Fine 45.** Currently there are just six notes reported of this signature combination and one of only two graded by PMG. This note is the finest of the two, with the other grading EF40. A striking first impression is made by this lovely note as it is so bright and richly colorful that one would naturally expect

a higher grade. Displaying some original embossing, superior centering on both sides, and no visible imperfections, one could not ask for much more. High-grade examples are rather scarce and true uncirculated notes are virtually non-existent, so a note with this much eye appeal provides a great opportunity.

## Important 1880 \$1000 Legal Tender Note

20173

**Fr. 187j. 1880 \$1000 Legal Tender Note. PMG Very Fine 30 Net. Restoration.** High denomination large size notes always attract significant attention and rightfully so. The denomination represented such a significant amount of money in the 19th Century and early 20th Century it is remarkable that any survive for collectors. Just 14 examples are known of this Lyons-Treat signed 1880 \$1000 Legal Tender variety. Fortunately, all but one of these notes are privately held and available to the collecting public. A single example resides in the collection of the Federal Reserve Bank of Chicago.

The face design continues that used in the Series of 1869 and 1878, but with some changes. The main motifs are the same. Depicted on the face are two seemingly unrelated vignettes, not particularly unusual in a layout for this period. To the left is Columbus in His Study, with a globe on the floor nearby, a reminder of his contributions to the spread of Western ideologies and societies around the world. At the center is DeWitt Clinton (1769-1828), with the fingers of his right hand touching the side of his head. Perhaps both men were deemed

prominent in water, thus relating the vignettes, Columbus for sailing across the Atlantic Ocean to “discover” America, and Clinton as the driving force behind the Erie Canal, started in 1817 and completed in 1825, which linked the Great Lakes with the Atlantic. This is a stretch, but who knows?

A cherry red scalloped Treasury Seal is seen near the bottom right on the face of the note. Bold blue printed serial numbers are found in panels to the lower left and upper right of the portrait. Clean paper and plentiful margins are observed on this evenly circulated example. All of the engraved design elements are presented sharply including the vignettes on the face and the intricate green printed back. The grading service cites “Restoration” on the back of the holder as the reasoning for the net grade. Any such work is expertly accomplished and the note remains wonderfully appealing for a mid-grade note. This is certainly a note that would stand out in many advance collections.

## INTEREST BEARING NOTES

### Rare 1865 \$50 Interest Bearing Note Friedberg Plate Note

20174

**Fr. 212d-I. 1865 \$50 Interest Bearing Note. PMG Very Fine 20 Net. Restoration.** A fierce eagle is perched on a rock with wings spread at the center of this rare Interest Bearing Note. Large 50 die counters flank the central vignette at left and right. Green border and security prints are seen with "INTEREST ONE CENT PER DAY" at top center. Red serial numbers are found to the lower left and upper right of center and a red spiked Treasury Seal is at right. At left is the phrase "The Government reserves the right of paying in COIN, the interest on this Note at the rate of six per cent. per annum." Printed signatures of Colby and Spinner appear in the bottom corners.

Even circulation is observed, and brilliant color is retained in the border, security and overprints. The census for this catalog

number is recorded at seven pieces with two residing in the Smithsonian. The present piece last traded publicly for \$80,500 in a March 2007 auction.

**\$50 Interest Bearing Notes, July 15, 1865, 7.3% Interest, 3 Years**

All notes were convertible into 20 year bonds, per a notice on the back, with interest payable in coin. The date is either June 15, 1868 or, as in the note above, July 15, 1865, and is printed above Spinner's signature. The backs of the July 15, 1865, notes have the denomination in large bronze numerals on the back of the note. PMG comments "Restoration."

## Gem Replacement Black Eagle

20187

**Fr. 229★. 1899 \$1 Silver Certificate Star Note. PMG Gem Uncirculated 65 EPQ. Courtesy Autograph.** United States Treasurer Lee McClung added his courtesy autograph to the right side of the face of this well preserved Black Eagle Star Note. Just 40 replacements are recorded in the Track & Price census for this Vernon-McClung signature combination. This is one of only two examples to achieve a Gem Uncirculated 65 EPQ grade from PMG with none graded finer. Prior to its time in the D. Brent Pogue Collection, it was part of the extensive holdings of legendary collector Amon Carter. During his college years at

Yale, Lee McClung was one of the best known football players in the country as a fullback for the Bulldogs. McClung's Yale teams were a combined 54-2 during his time playing there from 1888-1891. He was elected to the College Football Hall of Fame in 1963. President William Howard Taft appointed McClung as the 22nd Treasurer of the United States on September 23, 1909. He served in that post until November 21, 1912, when he resigned after a dispute with other members within the Treasury Department.

With roughly a thousand typical Gem notes having been graded, this finest certified note certainly rises above. Just two Friedberg 230 notes attained this grade with the other five a nice assortment of different signature combinations.

The quality seen is certainly note worthy with all the qualities one would expect for such a lofty assigned grade. Punch through embossing, exceptional centering and perfect inks. PMG Pop 2/ none finer.

## Gem 1891 Silver Certificate Deuce

20198

**Fr. 246. 1891 \$2 Silver Certificate. PMG Gem Uncirculated 66 EPQ.** This is a remarkably high grade 1891 \$2 Silver Certificate. William Windom replaced General Hancock on this type, which represented a complete change in design from the prior Series of 1886 notes. Windom, who served as a U.S. senator from Minnesota before two non-sequential terms as U.S. secretary of the Treasury, is seen in an oval frame at center. Denominational counters are in each corner. Blue printed serial numbers are within engraved serial number panels at lower left and upper right. A red scalloped Treasury Seal is at right. This catalog number features the engraved signatures of Treasury officials Tillman and Morgan. The back is printed in green and resembles

the shape of a bowtie. Large 2 counters are at left and right. The back design is much more open than on previous issues, as it was believed a more open design would deter counterfeiters.

This note is boldly inked and sharply detailed, with exceptional paper quality and with broad margins ideally centering the plate impression. The serial numbers are exceptionally well embossed and easily seen from the back of the note. Leading third-party grading service PMG has assigned the grade of Gem Uncirculated 66 EPQ to this stunning example.

## Gem Bruce-Roberts \$2 Educational

20203

**Fr. 248. 1896 \$2 Silver Certificate. PCGS Banknote Gem Uncirculated 65 PPQ.** The "Educational" \$2 note offers an exceptionally beautiful design. The face features the thoughtfully executed vignette, Science Presenting Steam and Electricity to Commerce and Manufacture, an allegorical scene in the finest traditional style - emblematic of the waning years of Victorian art and expression, perhaps with a hint of the Art Nouveau style introduced in Europe by Alphonse Mucha and popularized by Champenois, Paris printer of postcards and posters. The vignette underwent several developmental design modifications before this final version was adopted, including a change from the originally submitted design for the \$50 denomination that was never issued. In keeping with the educational theme, the back

of the note features engravings of Robert Fulton and Samuel F.B. Morse, both remembered for their important contributions to science and technology.

Four broad margins provide a pleasing frame to the darkly inked and sharply detailed face impression of this Bruce-Roberts signed \$2 Educational. The paper is bright and free of any handling or detracting characteristics. Bold blue and red printed overprints add to the overall appeal of the note. This is a wonderful example of an ever popular type.

**Fr. 260. 1886 \$5 Silver Certificate. PMG Choice About Uncirculated 58 EPQ.** The 1886 \$5 Silver Certificate is among the types best known to coin collectors for its distinctive back design featuring five Morgan silver dollars, arguably one of the most popular U.S. coin series. The back speaks to the specific coins that backed these certificates, millions of silver dollars held in the vaults of the Treasury Department that were the result of the 1878 Bland-Allison Act. As with all of the fancy back types, this one is beautifully designed with ornate borders and fine security lathe work. Interestingly, as pointed out by Q. David Bowers in his Whitman Encyclopedia of U.S. Paper Money, the four reverses of the silver dollars were each individually engraved, without use of a transfer process. Close study reveals minor differences in the two at left, and the two at right.

This Rosecrans-Hyatt signed variety with a small round red Treasury Seal is among the tougher catalog numbers for this design type with just 154 examples recorded in the Track & Price census. This broadly margined and bright note has all of the visual appeal of a fully Choice Uncirculated note despite some slight handling resulting in the assigned grade.

## Remarkable Fr. 270 Gem \$5 Educational Note

20226

**Fr. 270. 1896 \$5 Silver Certificate. PMG Gem Uncirculated 65 EPQ.** This is one of the most popular design type in all of American currency and is ranked #5 in 100 Greatest American Currency Notes by Q. David Bowers and David M. Sundman. When issued, the motifs were controversial. The exposed breasts of certain figures in the design caused several Boston society ladies to rally against the note, while some banks refused to accept them. These were in time replaced by the Series of 1899 “Indian Chief” notes.

The central vignette is titled, Electricity Presenting Light to the World and was based on the work of mural artist Walter Shirlaw. The back design was conceived by Lorenzo H. Hatch and

Thomas F. Morris and, as with the face, it was engraved by G.F.C. Smillie. It features a winged Victory at the center, with wings spread toward vignettes of Ulysses S. Grant and Philip Sheridan, Union generals during the Civil War who were credited with the Union victory.

The Lyons-Roberts signature combination represents the scarcest of the three signature varieties for the type, with just over 500 examples recorded in the census. Both the face and back plate impressions are exquisitely accomplished in vivid detail. Truly a top notch note with broad appeal across numismatics.

## Stunning 1886 \$10 Tombstone

20249

**Fr. 293. 1886 \$10 Silver Certificate. PMG About Uncirculated 53.** The Tombstone Note is a long-standing favorite. Depicted within a tombstone-shaped frame is Thomas A. Hendricks, vice president of the United States under the first administration of Grover Cleveland, serving from March 4, 1885 until his death on November 25, 1885. Likely, when the Series of 1886 Silver

Certificates were being conceived, Hendricks' passing was still being mourned, and President Cleveland approved of the posthumous honor conferred upon his erstwhile vice president. This note is seen with lovely overprints and little circulation. One of the finest we have offered in sometime.

**Fr. 311. 1880 \$20 Silver Certificate. PMG Choice Fine 15.** Offerings of this popular type are far too few to satisfy collector demand, and this Choice Fine note is sure to fill a hole in a collection. This Bruce-Wyman signed note displays still dark blue serial numbers, along with a still attractive design. An oversized "SILVER" design is found on the reverse, which was to help instill confidence in the public to accept paper money in the place of coinage.

**Fr. 309. 1880 \$20 Silver Certificate. PMG Choice Fine 15.** A well traveled and circulated example of this Silver Certificate. This note is seen with a large brown seal, and two large "X" counters in brown ink below the seal. At right is a portrait of Commodore Stephen Decatur, who served with distinction with the United States Navy. The details of the primary design on the obverse and reverse still offer plenty of appeal for the assigned grade. PCGS Banknote comments "Trimmed, Minor Rust, Minor Splits and Tears."

## Diamond Back 1886 \$20 Silver

20259

**Fr. 316. 1886 \$20 Silver Certificate. PMG Choice Very Fine 35.** This rare \$20 Silver Certificate represents the last variety for the highly elusive “Diamond Back” design. These notes display the Rosecrans-Nebeker signature combination and a small red scalloped Treasury Seal at right. Just 29 examples of this type are recorded in the Track & Price census.

The Series of 1886 Silver Certificates, which were first printed in calendar year 1887, have at the center a portrait the late Daniel Manning, who served as Secretary of the Treasury from 1885 to 1887 and died in office the latter year. Similar to the depiction of the recently deceased Thomas A. Hendricks on the related \$10 Silver Certificate, the \$20 honored a man whose memory was still fresh when the notes were first issued. The portrait was engraved by Lorenzo Hatch. To the left a seated woman holds a cherry tree (?) branch, with a cornucopia overflowing with

agricultural products at her feet, a vignette named Science by the Bureau of Engraving and Printing. To the right a seated mechanic holds a sledgehammer.

The back is filled with rich green engraving with drop-out white letters and a bow-tie design near the center, the last emblem suggesting the sobriquet “Diamond Back Note” to some. D.M. Cooper and George U. Rose were the engravers.

Leading third-party grading service PMG has assigned a grade of Choice Very Fine 35 to this note while adding the comment “Restoration” on the back of the holder. This note comes just moderately circulated with boldly printed design elements.

At right is a portrait of Senator Edward Everett, who represented the state of Massachusetts.

**\$3,000 and Up**

## Desirable “Black Back” \$100 Silver Certificate

20262

**Fr. 341. 1880 \$100 Silver Certificate. PCGS Banknote Extremely Fine 40.** This attractive note features the portrait of James Monroe at left with a large brown spiked Treasury Seal at center. Blue printed serial numbers are found in panels at lower left and top right. The engraved signatures of Treasury officials Rosecrans and Huston are stacked to the lower right of center. The striking back design with **SILVER CERTIFICATE** in bold letters is printed in black. Just 100,000 examples of this rare Silver Certificate of Deposit variety were printed and today only around 30 examples are known to survive.

Bright paper and bold inks are portrayed on this moderately circulated Rosecrans-Huston signed C-note. Bold overprint

inks are observed in the serial numbers and large spiked Treasury Seal. The intricate black printed back is sharply detailed and darkly inked. This is a remarkable note, free of any distracting characteristics whatsoever. Unlike the later Silver Certificates, the Silver Certificates of Deposit did not see wide general circulation. Instead, most were used in bank transfers, mining company transactions, and the like. The survival of a high denomination such as this is truly remarkable.

## Impressive Fr. 343 1891 \$100 Silver

20263

**Fr. 343. 1891 \$100 Silver Certificate. PCGS Banknote Very Fine 30.** The 1891 \$100 series retained the portrait of former President James Monroe but the back has an open style design with large spaces to the left and right of center eliminating the word "SILVER" as found on 1880 and prior. The Treasury Department believed that this would deter counterfeiting. The present note retains quite admirable detail throughout for the

assigned grade with nice overprints and wide margins noticed. Approximately 120,000 pieces were printed and today 21 examples are recorded in the Martin Gengerke census. Five of those are held in government or institutional collections. These notes were redeemable for silver dollars and it would appear that redemption rates were greater than for lesser denominations.

## Prohibitively Rare 1880 \$500 Silver Certificate of Deposit

### The Only Collectible Example of the Catalog Number

20264

**Fr. 345d. 1880 \$500 Silver Certificate. PMG Choice Fine 15.** Just two examples of this Bruce-Wyman signed 1880 \$500 Silver Certificate of Deposit are known to survive. One note is permanently impounded in the collection of the Federal Reserve Bank of San Francisco while the note offered here is the only privately held example of the catalog number.

These \$500 notes were printed and issued in accordance with an Act of Congress passed February 28, 1878, and featured the portrait of Massachusetts senator Charles Sumner at right. Sumner is perhaps most notable for being the victim of a vicious caning at the hands of South Carolina representative Preston Brooks on the floor of the United States Senate on May 22, 1856. Brooks had taken offense to an anti-slavery speech titled "Crime Against Kansas" that Sumner had recently given. Sumner was so severely injured that he left the Senate to recuperate. He was reelected in November 1856 and in time was able to return to Washington.

The \$500 Silver Certificates of 1880 feature a large brown Treasury Seal at top center with a brown 500 counter below. This catalog number has the engraved signatures of Bruce and Wyman stacked to the lower right of center. The black printed backs display SILVER in large, ornate letters at center.

This example displays darkly printed inks and evenly circulated paper. The design is fully framed by ample margins on both the face and back. The grading service has added a "Minor Restoration" comment to the back of the holder. Any such work appears to be limited in scope and extremely well executed. There are no obviously distracting characteristics about the note to speak of.

Just three examples of this type are privately held and available to collectors. Two examples of the Fr.345c are available to collectors in addition to the note now offered. The Joel R. Anderson example of the Fr.345c sold in our August 2018 ANA auction for \$750,000 and then again in our August 2019 ANA auction for the same number. This note last traded publicly in an October 2006 auction for \$776,250.

This is without a doubt an elite level note, essentially unique to the collecting public. No other collector can lay claim to a Fr.345d. This is a rare opportunity to obtain a trophy note of this caliber and one that should be eagerly seized upon.

**Fr. 355. 1890 \$2 Treasury Note. PMG Very Fine 30.** Just around 130 examples of this small red scalloped seal "Ornate Back" Series of 1890 \$2 Treasury Note are known to exist. They are nearly three times as rare as the large brown spiked seal notes, comprising Fr.353 and Fr.354. The entire series of was designed in celebration of the strength of the Union, undoubtedly effective at a time when many Americans remembered their own experiences of the Civil War. Union Major General James Birdseye McPherson, seem on this type, was killed in the July 1864 Battle of Atlanta. He served as chief engineer under General U.S. Grant in 1862, and later served in the Vicksburg Campaign (1862-63) and the Battle of Shiloh (1864), after which he was given command of the Army of the Tennessee.

20277

**Fr. 356. 1891 \$2 Treasury Note. PMG Choice Uncirculated 63. Serial Number 8.** The reverent portrait of Union Major General James Birdseye McPherson is prominently displayed at left on this face of this serial number 8 Series of 1891 \$2 Treasury Note. McPherson was killed in the July 1864 Battle of Atlanta, served as chief engineer under General U.S. Grant in 1862, and later served in the Vicksburg Campaign (1862-1863) and the Battle of Shiloh (1864), after which he was given command of the Army of the Tennessee. His opponent at the Battle of Atlanta was his West Point classmate and friend John Bell Hood who wrote of his great sorrow upon learning of the death of his friend.

The vividly inked face impression boldly displays low serial number B8 in brilliant red inks in panels to the lower left and upper right of center. A cherry red scalloped Treasury Seal is found to the lower right of center as well. **Fr. 372. 1890 \$20 Treasury Note. PMG Very Fine 30.** The ornate backed 1890 series has long been a numismatic favorite, and rightfully so. The series was very short lived with the open back designed notes of 1891 replacing them. Official and public opinion of the 1890 series notes was poor during their circulation as they seemed to “busy” and easy to counterfeit. These notes did however trade at a premium when compared to the Legal Tender issues circulating at the same time period. This was due to the promise of being secured by coined precious metal. This example faces up very well for the assigned grade, and is sure to excite any Type collector.

## Rare Dallas 1918 \$500 FRN

### One of Just Five Known

20311

**Fr. 1132-K. 1918 \$500 Federal Reserve Note. Dallas. PMG Choice Extremely Fine 45 EPQ.** Just five of these 1918 \$500 Federal Reserve Notes are known to survive from the Dallas district. Four of the notes including this one come from a consecutive run while another single note is reported as well. The four consecutive notes are serial numbers K2717A through this note, K2720A, and all are reported to be in the Extremely Fine grade range. Bright paper, bold inks and plentiful margins are all featured on this charming example that deservedly received PMG's coveted EPQ designation attesting to the notes overall quality.

The sharply detailed portrait of Chief Justice John Marshall at center is flanked by the engraved signatures of Treasury

officials John Burke and Carter Glass. The back shows De Soto Discovering the Mississippi, an engraving by Frederick Girsch. This is a trimmed and slightly altered version of the same engraving used for the back of the \$10 National Bank Notes, Original Series and Series of 1875, now with no credit to the American Bank Note Company. While these high denomination 1918 FRNs are typically collected as a type note advanced collectors are beginning to recognize and appreciate the rarity of this tougher to locate district varieties. This is unquestionably a true statistical rarity as a Friedberg number variety and one that would be a welcomed addition to any collection it enters.

These Series of 1905 Gold Certificates have a portrait of George Washington, engraved by Alfred Sealey, and a bright red scalloped Treasury Seal and serial numbers. The entire back design, engraved by Robert Ponickau, is executed in orange-gold. The "Technicolor"

**Fr. 1217. 1922 \$500 Gold Certificate. PMG Very Fine 25 Net. Restoration.** This \$500 Gold Certificate displays one of the more powerful designs used on federal currency featuring a large portrait of President Lincoln at left (based on a portrait by Matthew Brady). Large under-printed letters at top center spell out “GOLD” to instill confidence to those who received such notes. The ruby red small scalloped Treasury Seal complements the blue serial numbers and creates lovely contrast to the white paper. The luminous orange printed reverse design depicts our national bird in flight clutching our national colors. A large Roman numeral “D” at left states the denomination.

The modestly circulated paper is bright and well margined. All of the printed design elements are sharply detailed while the overprints remain vibrantly colored. Leading third-party grading service PMG has graded this note Very Fine 25 Net with a comment for “Restoration” on the back of the holder. These \$500 Gold Certificates are always popular with collectors and this is a very pleasing example.

## Radiant \$1000 Gold Certificate

20335

**Fr. 1220. 1922 \$1000 Gold Certificate. PMG Choice Extremely Fine 45.** Just 41 examples of this 1922 \$1000 Gold Certificate variety are known to survive in all grades. This remarkably attractive example displays bright paper, ample margins and vibrant color. This stunning design type features Alexander Hamilton at the center flanked by gold overprints at left and right. Bold 1000 counters are seen in each corner. The ornate

orange printed back features the Great Seal of the United States at center and displays truly radiant color throughout. The golden overprint inks on the face are sharply printed and as bright as when they were first printed. This is an exceptional note that can likely be owned without costing six-figures.

## Choice Uncirculated 1900 \$10,000 Gold Certificate

20336

**Fr. 1225h. 1900 \$10,000 Gold Certificate. PCGS Banknote Choice Uncirculated 64 PPQ.** These popular ultra-high denomination notes survive today due to a fire at the Washington D.C. post office where they were being stored on December 13, 1935. In an effort to rid the fire of fuel to burn, papers were tossed from windows with these \$10,000 Gold Certificates raining down with them. The beautifully colored note

presented here is fully framed and sharply printed in dark inks. Brilliant overprint inks are also displayed on this note which avoided the water damage that so often plagues notes of this type. An exceptional example and one which should be well received.

## FRACTIONAL CURRENCY

### Impressive Spinner Courtesy Autographed Fractional Shield

20337

**Fr. 1382. Fractional Currency Shield. Gray Background. Framed.** This exceptionally bright and attractive shield shows with excellent bronzing on all applicable types and sharp detail at the large engraving of the shield. A rarer variation with the addition of seven notes of the Fourth and Fifth Issues along with six various stamps added, some of which are pasted over the usual designs, while others partially overlap notes. The glass is early, likely from the early 20th century, and the frame appears to be of late 19th-century origin. A few minor chips are seen in the frame edges and the top piece is slightly separated, but these are of little consequence. At bottom right signed "Very Respectfully yours, F. E. Spinner." While Spinners autographs

not rare, we have never seen one on a fractional shield. These early artifacts, produced by the Treasury Department in the years just after the Civil War, are today highly prized as historic and attractive display items. A fine opportunity to acquire one for your home or office.

*Due to its nature and size, this lot will be available for viewing in our California office only, and the winning bidder will pay actual shipping cost. We encourage interested bidders to contact us for delivery options and cost.*

## FIRST ISSUE

20338

**Fr. 1230. 5 Cent. First Issue. PCGS Banknote Superb Gem Uncirculated 67 PPQ.** Plain edges, with monogram. A high end example of this popular First Issue fractional which boasts excellent Gem details.

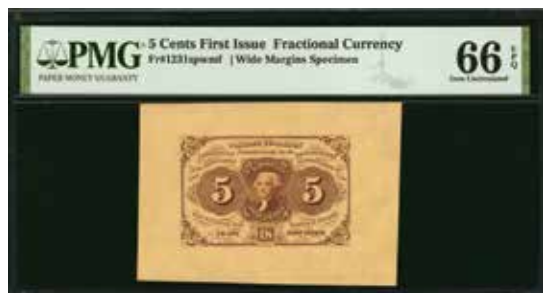

**\$800 and Up**

20339

**Uncut Sheet of (20) Fr. 1230. 5 Cent. First Issue. PMG Choice Uncirculated 63 EPQ.** Straight edges. With "ABC" monogram. A handsome and original example of this First Issue 5 Cent sheet. The layout is five across and four down. Full selvage on all sides with visible face plate number 15 left on the obverse. This note has earned PMG's coveted EPQ designation.

**\$2,000 and Up**

20340

**Lot of (2) Fr. 1231spwml & Fr. 1231SP. 5 Cent. First Issue. PMG Gem Uncirculated 66 EPQ & PCGS Banknote Superb Gem Unc 67 PPQ.** Even though these First Issue specimen pairs are anything but scarce, this is truly about as nice a pair as you will ever find. Both notes are incredibly wide, with great color, crisp paper, and excellent printing. A stunning pair destined for a top quality Fractional collection.

**\$1,000 and Up**

20341

**Fr. 1231. 5 Cent. First Issue. PMG Gem Uncirculated 65 EPQ.** Tied for Top Pop at PMG. A scarce straight edge, no monogram variety that is downright rare at the gem grade level. This is due to the fact, much like with this piece, that the margins are never ample enough on all sides to support a gem grade. Printed on the bright yellow paper typical of this number. Auction results in recent years have shown prices to hover consistently around the \$1,000 mark.

**\$1,000 and Up**

20342

**Uncut Strip of (4) Fr. 1241. 10 Cent. First Issue. PMG Choice About Uncirculated 58 EPQ.** A rare strip of four perforated notes with this beautiful item selling in our sales of the Ford collection. Seen with full selvage at both top and bottom. We have seen a block of eight notes sell one time a number of years ago, as well as a couple vertical strips of four notes. Any multiple of this no monogram perforated note is scarce to rare. We first sold this same strip for over \$2,000 back in 2005.

**\$1,500 and Up**

20343

**Uncut Sheet of (16) Fr. 1281. 25 Cent. First Issue. PMG Gem Uncirculated 65 EPQ.** Milton 1R25.1c. Straight edges, with “ABC” monogram. Sixteen impressions configured four vertically by four horizontally. Complete wide selvage as printed. Face plate 16. Back plate 3. Well printed and bright, sharp looking Gem example of this First Issue fractional sheet.

**\$3,000 and Up**

20345

**Uncut Sheet of (16) Fr. 1312. 50 Cent. First Issue. PMG Choice Uncirculated 63.** Straight edges, with “ABC” monogram. Milton 1R50.4b. Sixteen impressions configured four vertically by four horizontally. Complete wide selvage as printed. Face plate 26. Back plate (?)0th. The rarest First Issue sheet which is listed as Rarity 7 in the Fifth Edition Encyclopedia. Scarce, and surely missing from even the most advanced Fractional Currency collections.

**\$3,000 and Up**

20344

**Uncut Strip of (4) Fr. 1311. 50 Cent. First Issue. PMG About Uncirculated 53.** This perforated, no monogram 50-cent multiple is just plain rare. There is a single block of eight known, with four strips of four known. Those carry provenances such as Mayer, O’Mara, and Friedberg. A rare multiple of a one of the scarcest First Issue varieties. Individually as four AU notes this would be worth around \$1,000. As it stands as an intact multiple, it should be worth much more.

**\$1,500 and Up**

20346

**Fr. 1313. 50 Cent. First Issue. PMG Gem Uncirculated 65 EPQ.** Tied for Top Pop at PMG. This straight edge, no monogram note is generally considered the scarcest of the sixteen First Issue varieties. Much like the Fr. 1231 notes, gems are really rare due to the fact that the margins are never broad enough on all sides to warrant such a lofty grade. Always a solid four-figure note when found in this condition.

**\$1,750 and Up**

## SECOND ISSUE

20347

**Uncut Sheet of (20) Fr. 1232. 5 Cents. Second Issue. PCGS Currency Extremely Fine 45.** Milton 2R.5.1g. Twenty impressions configured four vertically by five horizontally. Trimmed selvage as is normally seen. Face plate 100 (at normal intersection). Lightly folded in the margins of the left eight notes and in the center between the notes. The color and bronzing are good and the sheet has excellent crispness. Some extra light bronze inking on the back.

**\$1,000 and Up**

20349

**Uncut Sheet of (20) Fr. 1244. 10 Cents. Second Issue. PCGS Currency Choice About New 55 PPQ.** Milton 2R10.1e. Twenty impressions configured four vertically by five horizontally. Trimmed selvage as is normally seen. Face plate 182. Back plate 161. Both in normal positions. Moderate horizontal fold and two vertical folds. These are noticeable from the back. Bright and fresh with only a few margin lines trimmed in ever so slightly.

**\$1,250 and Up**

20348

**Lot of (2) Fr. 1244spwmf & 1244SP. 10 Cent. Second Issue. PMG Gem Uncirculated 66 EPQ & PCGS Banknote 65 PPQ.** Few if any Second Issue wide margin specimens that your cataloger has encountered over the course of decades in the hobby can match the brightness, printing depth, and color of this beautiful gem pair. The winning bidder may or may not be satisfied with the price paid, but in terms of quality there will not be any qualms or complaints.

**\$1,000 and Up**

20350

**Uncut Sheet of (20) Fr. 1317. 50 Cents. Second Issue. PCGS Currency Choice About New 55 PPQ.** Milton 2R50.3f. Twenty impressions configured four vertically by five horizontally. Trimmed selvage as is normally seen. Face plate 46. Back plate 38. Both in normal positions. Listed as Rarity 7 in Milton Friedberg and an important uncut sheet. There is a heavy horizontal fold and two moderate vertical folds. The face is bright with shiny bronze. The margins are very close with the bottom trimmed in. The bright orange backs have the protector shifted over to the left a bit. The corner surcharges are a little blurry. Penciled notation at the back upper left between the top and second from the top positions. Rare and possibly unique.

**\$4,000 and Up**

20351

**Lot of (2) Second Issue Experimental Fiber Paper. 10 & 25 Cent PCGS Currency Superb Gem New 67 PPQ.** A magnificent, superb gem pair of Second Issue Experimentals. The 25 cent note has the skeletal "25" bronze on the back. The 50 cent note is a plain back. Both have the usual half-moon cancels and purple SPECIMEN diagonally across the center. Both notes from our sales of the John J. Ford, Jr. collection.

**\$1,250 and Up**

20352

**Uncut Pair. 25 Cent. Second Issue. PMG About Uncirculated 55. Experimental.** Milton 2E25F.3a. Unpunched and unstamped. Printed on non-watermarked bond paper. The paper has a light yellow tint. The Chapman brothers had a sheet of these which is the origin of this lovely uncut pair. Back penciled annotation Jan 25th/66. A rare yellow paper uncut pair that should be hotly pursued by advanced collectors.

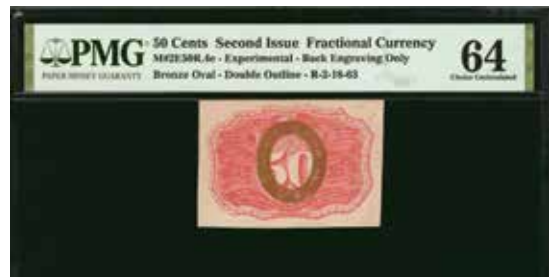

**\$1,000 and Up**

20353

**Second Issue Experimental Back Specimen. 50 Cent. PMG Superb Gem Uncirculated 67 EPQ.** Milton 2E50R.3. Two half-moon cancels and diagonal purple stamped SPECIMEN. Printed on fine fiber paper. This is the highest PMG graded fractional Experimental of any type. It displays fire engine red inks, bright paper surfaces, and perfect centering. In short, the perfect Experimental representative for a type set.

**\$1,000 and Up**

20354

**Second Issue Experimental. 50 Cents. PMG Choice Uncirculated 64.** Milton 2E50R.4e. Fiber paper. The face shows just the skeletal denomination "50" and bronze surcharges "R-2-18-63." The back is a carmine red with the bronze oval that normally frames Washington's face. The Friedberg reference lists it as R-8 with only two known, but there were also two in the Ford XIX sale. This one may also be new as well. Not punch cancelled or stamped "SPECIMEN." After that Ford sale, the note was previously housed in a PCGS Very Choice New 64 holder. It topped the \$2,000 mark in a 2013 sale. It is now in a PMG Choice Uncirculated 64 holder. A great esoteric experimental fractional.

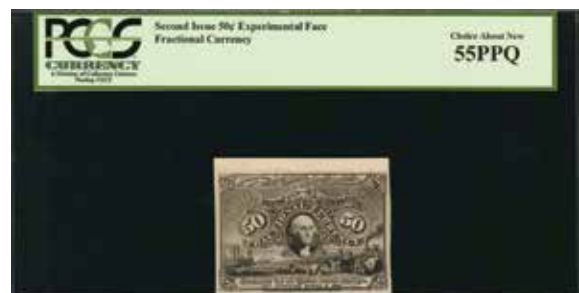

**\$1,000 and Up**

20355

**Second Issue Experimental. 50 Cent. PCGS Banknote Choice Uncirculated 63 PPQ.** Milton 2E50R.5. Uncancelled. Blazing red back design with skeletal "50" denomination counter and "T-1-18-63" surcharges. The back shows just a bronze oval. One of perhaps five known. A really scarce Experimental that is just gorgeous to look at.

**\$1,000 and Up**

20356

**Experimental Face Second Issue. 50 Cent. PCGS Currency Choice About New 55 PPQ.** Similar to Milton 2E50F.8. Unpunched and unstamped. Wide top selvage. Superb eye appeal with jet black printing quality. There is no trace of any watermark but it appears to be printed on Olier paper. Incredible Proof quality that one likens to that found in the Presentation Books. A great Experimental that almost always heads beyond the \$1,000 plateau.

**\$1,000 and Up**

## THIRD ISSUE

20357

**Uncut Sheet of (25) Fr. 1226. 3 Cents. Third Issue. PCGS Currency Choice About New 58.** Milton 3R3.1d. Twenty five impressions configured five vertically by five horizontally. Narrow selvage as normally seen. Face plate 38. Back plate 7. Both in normal positions. The margins on this sheet are superior to most seen. There is some handling, most confined to the lower left. The back left end is trimmed in slightly and close. Well printed and bright.

**\$3,000 and Up**

20358

**Lot of (2) Fr. 1274spwmmf & 1273spwmb. 15 Cent. Third Issue. PMG Choice About Uncirculated 58.** A lovely fully wide Grant-Sherman specimen pair. Hand-signed Jeffries-Spinner face specimen. Red back specimen. Problem free and lovely in every regard. The degree of handling is minimal at best. The last pair that we sold was in our 2019 Spring Baltimore sale. The face specimen of that AU pair had ink erosion yet still realized \$840. In today's vibrant market this lovely pair should have no problems achieving a four-figure price.

**\$1,000 and Up**

20359

**Lot of (2) Fr. 1275spwmmf & 1272SP. 15 Cent. Third Issue. PMG Choice Uncirculated 64 & PCGS Banknote Gem Unc 66 PPQ.** A stunning fully wide Grant-Sherman specimen pair. Hand-signed Allison-Spinner face specimen. Green back specimen. The face specimen has earned the comment "Annotation" which is simply a tiny pencil notation on the back. Both of these notes are exceptional examples and despite their difference in grade they are really well matched for eye appeal. The last Fr. 1275SP pair that we sold was an AU pair that realized over \$2,000 a dozen or so years ago.

**\$1,250 and Up**

20360

**Fr. 1327. 50 Cent. Third Issue. PCGS Banknote Gem Uncirculated 66 PPQ.** Scarcer "a" on face red back Spinner note with only two examples found on each sheet of twelve. If you are somehow ever able to find another with margins larger than those found on this evening's offering, please find this cataloger, and show it to me so I can stand in awe and amazement. We are not always sure what it takes to make certain grades at the services, but if this unbelievable piece does not deserve a better grade then nothing does. It is doubtful that any other note could present itself in a more imposing manner than this note.

**\$1,000 and Up**

20361

**Fr. 1329. 50 Cents. Third Issue. PCGS Banknote Gem Uncirculated 65 PPQ.** These Allison-Spinner hand-signed notes are easily ten times scarcer than their Fr. 1328 cousins with the Colby-Spinner signature combination. PCGS Banknote has commented that there is Premium Paper Quality. Gigantic margins surround this note on all sides and the bronzing could light up a cloudy day. This note is tied as the finest piece we have sold. We have recently sold a couple of PMG Choice CU 64 EPQ examples for an average of \$1,000. This evening's offering should prove our estimate conservative.

**\$1,000 and Up**

20362

**Fr. 1330. 50 Cent. Third Issue. PMG Gem Uncirculated 65 EPQ.** A gorgeous example of the extremely rare, hand-signed Allison-New variety. Seen with terrific color on both sides, bright bronzing, and excellent original paper surfaces. This note is signed by John Allison as Register and John New as Treasurer. They served in office together from June 30th, 1875 to January 7th, 1876, long after the discontinuance of the Third issued notes. It is believed these notes were never intended to be signed and issued for circulation but because they were legal signers the notes became legal tender. Most of the small number of notes known are Uncirculated, but there are several circulated examples known so they did serve their intended purpose in commerce. There have been a few examples which recently have come to the market as major collections have been sold. Carmine Tabacco's note graded PCGS Banknote Choice CU 64 (no PPQ) and it managed to top the \$5,000 figure. This is by far the nicest of any that have sold recently and the prettiest that we have ever offered.

**\$5,000 and Up**

20363

**Fr. 1331. 50 Cent. Third Issue. PCGS Banknote Extremely Fine 40.** A dirt common piece of Fractional Currency that has been blessed with a rare courtesy autograph of William Windom. Windom served from 1881 to 1884 in his first stint as Secretary of the Treasury Department, and then again from 1889 to 1891. William Windom / Secretary is splayed across the back in bold, black ink. This first sold for \$661.25 in a sale some fifteen years ago. The only Windom autographed note we have sold was part of the Ford sales. That was an even more common Fr. 1266 Fifth Issue note, also graded Extremely Fine, which realized over \$800.

**\$1,000 and Up**

20364

**Fr. 1334. 50 Cent. Third Issue. PMG Gem Uncirculated 66 EPQ.** Tied for Top Pop at PMG. This green back Spinner with "a" on face is not scarce but it is a number that is much tougher to locate at the highest grade levels. Wide margins, bright bronzing, and bold ink colors all validate the assigned third-party grade. Auction appearances of notes at this grade level can be counted on one hand. Sure to be a thousand dollar Fractional once the hammer falls.

**\$1,250 and Up**

20365

**Fr. 1338. 50 Cent. Third Issue. PMG Choice Uncirculated 64.** The lower right corner from the back shows an inverted partial plate number 44. This Friedberg number is quite scarce and has always been very underrated, particularly at the highest uncirculated grade levels. This note has wide margins on all sides, great color, and wonderful depth of printing. Nice AU examples sell for several hundred dollars and Choice CU 63PQ pieces have recently realized around \$1,500 or more. A very pretty example that will likely land in an advanced Fractional Currency collection.

**\$1,500 and Up**

20366

**Fr. 1339SP. 50 Cent. Third Issue. PCGS Banknote Choice About Uncirculated 58. Reverse Specimen.** Narrow Margin Specimen. As with all of them lacking the “50” bronze denomination counter. Although with some trace handling, this is a very well printed and bright example of this type that often comes weakly printed and/or with inexplicable raised bumps on the paper surfaces. PCGS Banknote does note some Adhesive Residue. The last time we sold Fr. 1339 specimens was many years ago when we were dispersing of the Ford/Boyd collection.

**\$1,250 and Up**

20367

**Fr. 1339SP. 50 Cent PCGS Banknote About Uncirculated 55.** Milton 3P50R.3. Wide Margin Specimen. Lacking the “50” bronze denomination counter. A variety that was not included in the specimen sets from the Treasury. A corner bend is all that keeps this great note from a significantly higher grade. Aside from this example, the only recent sales of wide specimens we have seen were a PCGS AU 58PPQ that sold for \$4,560 and Bob Laub's PMG Choice CU 64 that realized \$8,400. At this grade level, and with this degree of aesthetic appeal, a solid multi-thousand dollar price is all but a certainty once the hammer falls this evening.

**\$4,000 and Up**

20368

**Fr. 1340. 50 Cent. Third Issue. PMG Gem Uncirculated 65 EPQ.** Type Two Spinner Back. “1” and “a” position indicators on the face. A broadly margined and deeply embossed example that becomes decidedly scarcer at the gem grade level. There are only three 66's and two 67's better than this one. A very difficult variety at these lofty grade levels and easily the nicest example we have offered.

**\$1,000 and Up**

20369

**Fr. 1343. 50 Cent. Third Issue. PCGS Banknote Gem Uncirculated 65 PPQ.** Few examples of this first Justice red back type seem to make the grade past Gem 65PQ. Full and complete borders make this one of the most attractive pieces you are likely to find. The originality is clearly visible through the third-party holder. An utterly pristine fractional that looks as if it were just printed last night. Typical cruddy looking Justice notes at the gem grade level tend to approach the thousand-dollar figure. This note faces up like a superb gem and it would not surprise us to see a healthy four-figure realization. The last note we sold was in our 2020 Spring Baltimore sale. That PMG Gem Unc 65 EPQ topped the \$1,500 figure, a result that will likely be repeated tonight.

**\$1,250 and Up**

20370

**Fr. 1357. 50 Cent. Third Issue. PCGS Banknote About Uncirculated 55 PPQ.** Milton 3R50.6a. A better fractional type that is hand-signed and printed on fiber paper. Seen with normally oriented surcharges but inverted back design. The recently completed dispersal of the Tabacco collection had a problemed PMG VF 35 that sold for \$900 and a PMG AU 55 EPQ that realized \$1,500

**\$1,500 and Up**

20371

**Fr. 1358. 50 Cent. Third Issue. PCGS Banknote Gem Uncirculated 66 PPQ.** Green back Justice note without surcharges. Any Justice note that reaches the Gem 66PQ grade level is a real find. To locate one that is as gorgeous as this piece rarely ever happens. Seen with full margins on all sides, great centering, vivid ink colors, blinding bronzing, and cavernous embossing. PMG has graded a single 67 EPQ but we have very serious doubts that it could look like this note.

**\$1,500 and Up**

20372

**Fr. 1367. 50 Cent. Third Issue. PCGS Banknote About Uncirculated 55 PPQ.** Green back Justice note with “1” and “a” position indicators and widely-spaced back surcharges. Fr. 1367 is one of the classic Fractional Currency rarities which is probably next in line outside of the big six. Perhaps a couple dozen examples are known, and to your cataloger’s best knowledge there are no uncirculated pieces. This PCGS Banknote AU 55 PPQ has better margins than most we have seen. Its brightness, color, and originality attest to the assigned grade. Inverted plate number “29” is found on the back. One of the finest pieces we have seen and very likely to fall within our estimate range.

**\$3,500 and Up**

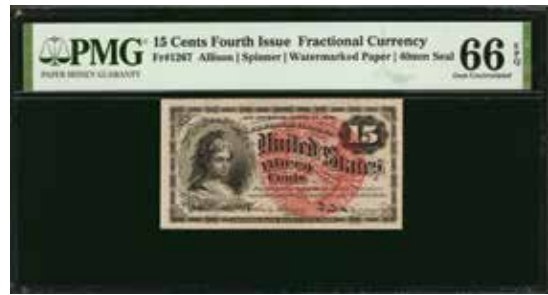

## FOURTH ISSUE

20373

**Fr. 1259. 10 Cent. Fourth Issue. PMG Superb Gem Uncirculated 67 EPQ.** A relatively common note in a decidedly uncommon state of preservation, its vivid blue end paper adds greatly to the overall impact of this lovely example. If you are a collector who wants to acquire only the finest available items for your holdings, you will want to give serious consideration to this Fourth Issue 10¢ note. Tied for Top Pop at PMG with a mere two other pieces listed, this solid four-figure note is much scarcer at the highest grade levels than the Fr. 1257 type note. This note first sold for \$1,440 in a 2020 sale.

**\$1,250 and Up**

20374

**Fr. 1267. 15 Cent. Fourth Issue. PMG Gem Uncirculated 66 EPQ.** An absolutely gorgeous 15 cent fractional that has some of the largest margins we have ever seen on ANY fractional currency note. The colors are stunning and the grade simply does not do this note any justice.

**\$800 and Up**

20375

**Fr. 1268. 15 Cent. Fourth Issue. PCGS Banknote Uncirculated 62 PPQ.** A much scarcer 15-cent fractional that is printed on plain paper and bears no hint of a watermark. Over the years, the numbers of these have been dramatically skewed due to misattribution. You really need a high-grade example that is bright and well margined in order to validate its authenticity. Uncirculated examples are especially difficult to come by and when they do appear the tendency is for ravenous collectors to pounce on the rare opportunity to obtain one.

**\$1,250 and Up**

20376

**Fr. 1271. 15 Cent. Fourth Issue. PMG Superb Gem Uncirculated 67 EPQ.** Blue right end. 38mm seal. This fractional note displays all the qualities one would expect from a note of this caliber, such as wide margins, attractive centering and good color. This Superb Gem note displays exceptional detail, and collectors would be hard-pressed to find another example to rival this note. PMG Pop 5/None Finer.

**\$1,500 and Up**

20377

**Fr. 1376. 50 Cent. Fourth Issue. PMG Gem Uncirculated 65 EPQ.** The treasury seal has great crimson ink color and is fully punched through to the back. Sizeable margins are found and the right end of the note has retained a lovely blue color. Any gem Stanton note is a thousand dollar proposition.

**\$1,000 and Up**

## FIFTH ISSUE

20378

**Fr. 1381. 50 Cent. Fifth Issue. PCGS Banknote Superb Gem Uncirculated 67 PPQ.** Allison - New signature combination. Red seal with blue right end and blue silk fibers. Bright paper helps accentuate the vivid design.

**\$1,000 and Up**

20379

**10 Cent. Fifth Issue. PMG Gem Uncirculated 65 EPQ. Back Engraving Only.** A rare item and in this grade likely the finest known example. There are only seven known tete-beche pairs which all trace their origins to a sheet discovered in 1985. That sheet was then cut up to satisfy some of the major collectors of the day. These notes are true proofs as the ink is laid on so heavily you can feel the design elements with your fingers (that's if it wasn't in a plastic holder of course). These tete-beche arrangements were created so that the localized anti-counterfeiting stain could be produced in the center of the sheet and still appear at the proper end of each note when they were separated. Graded as a gem by PMG and the nicest example we can recall ever having seen.

**\$2,250 and Up**

## MILITARY PAYMENT CERTIFICATES

20380

**Military Payment Certificate. Series 591. \$5. PMG Gem Uncirculated 66 EPQ.** A high end Gem example of this first printing \$5 MPC. Purple and blue inks stand out on the obverse and reverse of the note. Bright paper and wide margins help affirm the grade. PMG Pop 3/1 Finer.

**\$3,000 and Up**

20381

**Military Payment Certificate. Series 591. \$10. PMG Choice Uncirculated 64 EPQ.** First printing. A nearly Gem offering of this \$10 MPC, which offers a dark aqua blue design on bright white paper. At center left is an intricate red design surrounding the denomination. PMG Pop 1/1 Finer.

**\$2,000 and Up**

## SMALL SIZE

### SILVER CERTIFICATES

#### Solid 4's 1928 \$1 Silver

20382

**Fr. 1600. 1928 \$1 Silver Certificate. PMG Gem Uncirculated 66 EPQ. Solid Serial Number.** This Gem funny back silver certificate bears a solid serial number of "B4444444A." Dark blue overprints stand out on bright paper, and the design remains dark and attractive. Small size and fancy serial number collectors will go nuts over this note, as high grade funny back notes with fancy serial numbers seldom become available to collectors.

**\$5,000 and Up**

### FEDERAL RESERVE BANK NOTES

20383

**Fr. 1850-A★. 1929 \$5 Federal Reserve Bank Star Note. Boston. PCGS Banknote Choice Extremely Fine 45.** This rare Boston FRBN star first sold in 2004 as part of the Cookson collection with a grade of XF+. The Oakes example, which sold in late 2003 and was graded CU, brought an impressive \$8,400. At that time Dean's census listed this note as AU, and it's easy to see why. PCGS Banknote has assessed it with a Choice XF 45 grade. Cybuski took over the census years ago but the census remains at seven notes. The first we have sold and incredibly desirable.

**\$2,500 and Up**

20384

**Fr. 1850-B★. 1929 \$5 Federal Reserve Bank Star Note. New York. PCGS Banknote Choice About Uncirculated 58 PPQ.** There are only nine examples of this New York star recorded in the census. Seen with wide margins, great color, and deep embossing. This ex-Cookson, ex-Leon Goodman note is from a small grouping of notes that are in high grades. The others grade 64PQ or 65PQ but this note has a very light corner fold. When this same note first sold in that 2004 Cookson sale it realized a magnificent \$9,200. A great representative for type.

**Fr. 1860-L. 1929 \$10 Federal Reserve Bank Note. San Francisco. PCGS Banknote Choice Uncirculated 63.** "An important note for the collector seeking the finest available material. This Choice New 63 Federal Reserve Banknote from the San Francisco district is extremely rare in this state of preservation. The note presented here is the sole example PCGS has graded in the New grade range with the next finest being an AU example. A quick look at the PMG population report tells a similar story with only a single Uncirculated piece in their report. That note, serial number L00352221A is in a Choice Uncirculated 64 EPQ holder and was last offered in April 2008 sale where it brought \$6,325.00. This note shows with the initial appeal of a Gem with even borders and deeply embossed overprints. We cannot determine as to why the note did not receive a 'PPQ' designation as the limiting factor in grade appears to be only handling in the margins. Altogether a rare opportunity for the advanced collector of Federal Reserve Banknotes." This was our description when we sold this same note a decade ago in our 2011 ANA sale for a princely sum of \$6,900. In the intervening years, the census figures have changed a little but what hasn't changed is the fact that any Choice CU San Francisco FRBN is a worthy note.

**Fr. 1880-I★. 1929 \$50 Federal Reserve Bank Star Note. Minneapolis. PMG Very Fine 25.** One of the rarest FRBN star notes with only a few known. A printing of 12,000 certainly goes a long way in explaining the low survival rate. All of the known examples that have found their way into public auctions seem to have achieved some kind of Very Fine grade. These tend to realize some degree of multi-thousand dollar price, with tonight's offering first bringing \$6,900 in a 2005 sale. The first Minneapolis star that we have had the pleasure to sell.

**Fr. 1890-E. 1929 \$100 Federal Reserve Bank Note. Richmond. PMG Gem Uncirculated 66 EPQ.** The Richmond district \$100 FRBN is generally one of the tougher districts to find, particularly so at Choice and Gem grade levels since there almost always seems to have a tight margin. A very scarce note even at the Gem CU 65PQ grade level but obtainable with some patience. PMG Gem Uncirculated 66 EPQ is tied for Top Pop at PMG and the single-nicest example we have seen sell at auction in the past couple of decades. A great note destined to land in a great collection.

It is evenly circulated, possessing good printing quality, and has vibrant ink colors. You can count the number of known star notes on one hand. This lot will be a perfect match for whomever wins the Minneapolis \$50 star.

## FEDERAL RESERVE NOTES

20389

**Fr. 1959-BN. 1934C \$5 Federal Reserve Note. New York. PMG About Uncirculated 55.** A lovely example, this very rare \$5 1934C Narrow FRN from the B-C block represents the only block besides the extremely rare B★ in which you will find the Narrow variety for this denomination and series. The Narrow variety is found with face plate numbers 298-303, with this piece bearing face plate 301. In a sale from 2020, identically graded example just one serial number away from this offering sold for \$2,280. This nicely centered example, which shows no real evidence of circulation, should perform admirably.

**Fr. 2000-I. 1928 \$10 Federal Reserve Note. Minneapolis. PMG Choice Uncirculated 64 EPQ.** A truly spectacular example of this numbered district Minneapolis note that is as fine as any note we have seen. Over the years auction catalogers have loosely banded about the term "boardwalk margins" to notes with varying degrees of margin size. This note is truly deserving of that moniker. PMG has commented "Cut from Sheet," a really astounding revelation when one considers that all of these individual notes were at one time cut from a sheet. It is not as if this is a modern small size note that can easily have been cut from a sheet to have behemoth margins on all sides. We sold a Minneapolis \$10 1928 sheet which would have been the previous sheet to the one that this note was found on. If you have any intention of winning this prize note, you will need to disregard the number that is found on the holder but rather bid with your heart.

# Incredible Solid Serial Number 9 \$10 BEP Premium Set An Unprecedented Offering of Twelve Solid Serial Number 9 Notes

20391

**Lot of (12) Fr. 2031-A to 2031-L. 1995 \$10 Federal Reserve Notes. Uncirculated. Solid "9" Serial Number District Set.** Rarely are we at Stack's Bowers Galleries stopped dead in our tracks by something we haven't seen before. However, such was the case when this solid serial number 9 Series of 1995 \$10 BEP Premium Set was presented to us at a show earlier this year. We had never before seen an offering of twelve matched solid serial number 9 notes before the appearance of this set.

The \$10 BEP Premium Sets were issued for the Series of 1995 and 1999. Each set includes a hard bound 24 page book displaying 12 notes with one from each of the 12 Federal Reserve District Banks. All of the notes in each set share matching serial numbers. Just 2,000 sets were issued beginning with serial number 99997999. This is the final set from the print run and features the following 12 notes:

A99999999Y	G99999999Y
B99999999Y	H99999999Y
C99999999Y	I99999999Y
D99999999Y	J99999999Y
E99999999Y	K99999999Y
F99999999Y	L99999999Y

Solid serial number 9s are the rarest solid serial number notes in the hobby as the BEP no longer issues notes up to that serial number range for general circulation. The Series of 1974 was the last regular issue series to issue solid 9s. The only other notes to feature this serial number are special issue BEP sets and some uncut BEP souvenir sheets.

All twelve notes in this set are wholly crisp and exceptionally printed. The notes in the set are broadly margined at the top and sides while each tends to be centered low with a thin bottom margin.

This is truly an unprecedented offering and an incredible opportunity for fancy serial number collectors. While difficult to estimate we believe a realization within or above our estimate range is easily obtainable with small size solid serial number 9 notes often breaking the five-figure mark in auction. Here is your chance to own an absolute jaw dropping item with off the charts wow factor.

**Fr. 2201-Jlgs. 1934 \$500 Federal Reserve Note. Kansas City. PMG Gem Uncirculated 66 EPQ.** Here we have a gorgeous trophy Light Green Seal \$500, characterized by unsurpassed rarity, quality, & eye appeal with provenance all the way back to the advent of PMG Currency. Consider that way back in 2006 there were only two 1934 66EPQ \$500 KC Light Green Seals in the PMG census with none finer; now, 15 years later, there are still just these two Top Pop 66EPQ gems in the census with none finer, even though PMG has graded over three-quarter million banknotes since 2006.

Overall, only sixteen 1934 \$500 Light Green Seals in PMG 66EPQ have been graded from all 12 Federal Reserve Districts combined with none finer, & no gems at all are known for 3 districts. Recent auction results for Gem LGS 66EPQ \$500s

have shown a pronounced upward trajectory, with a 2201-I Minneapolis LGS-66EPQ realizing \$26,400.00 in January 2021, & a 2201-H St. Louis LGS-66EPQ, the most common \$500 LGS in Gem, fetching \$19,200.00 in March 2021.

The strong price appreciation demonstrated the past few years by 66EPQ 1934 \$500 Light Green Seals is due to a new generation of discerning collectors of means who carefully build portfolios consisting only of extraordinary banknotes of distinction.

Providing a meaningful auction estimate on a rarity like our Gem LGS 34 KC \$500

## 1928 ATLANTA \$1000 - PMG 66EPQ Finest Known

**Fr. 2210-Fdgs. 1928 \$1000 Federal Reserve Note. Atlanta. PMG Gem Uncirculated 66 EPQ.** This strikingly original, brilliantly inked, superbly margined Atlanta Gem has eye appeal second to none & is one of just two 66s known to exist. We sold the only other 2210-F 66EPQ Atlanta \$1000 for \$21,600.00

## PCGS Gem 66PPQ 1928 \$1000 - Chicago

20444

**Fr. 2210-G. 1928 \$1,000 Federal Reserve Note. Chicago. PCGS Banknote Gem Uncirculated 66 PPQ.** Before the advent of currency grading services in the early 2000's, collectors had no way to assess the rarity & value of Gem thousand-dollar bills save for relying on the time-honored assumption that notes from the largest Federal Reserve Districts like New York & Chicago were "common" & notes from smaller districts were scarce. Census data accumulated in the last 15 years has debunked this notion by revealing that district size has little or no bearing on rarity, with survivorship of gems being dependent almost entirely on chance. Consider that, despite massive print runs, no Gem 1928 \$1000 bills are known to exist from the New York Federal Reserve District, & only three 1928 \$1000 Chicago 66 gems - the PCGS-B Gem

66PPQ specimen in our auction tonight & two others graded Gem 66 by PMG - are known to exist.

The number of surviving Gem high denomination notes is & always has been minuscule. Present-day collectors have become educated on just how breathtakingly rare such notes are, fueling almost insatiable demand & stratospheric advances in value for both gem & middle grade notes. In August 2018, we sold the finest known 1934 Minneapolis LGS \$1000 in PMG 66EPQ for \$57,600. In January 2021, a Gem 66 1928 Chicago \$1000 just like the one we have in the auction tonight fetched \$28,800. With the demand for finest knowns we expect this note to easily reach or even exceed our estimate.

## Mid-Grade New York 1934 \$5000

20460

**Fr. 2221-B. 1934 \$5000 Federal Reserve Note. New York. PMG Very Fine 30.** If there were ever such a thing as an “everyman’s \$5000” this is it. While there rarely seems to be a shortage of About Uncirculated and Choice Uncirculated \$5000 Federal Reserve Notes that sell routinely in the six-figure range, average circulated examples of these ultra-high denomination notes are much harder to locate. There are certainly not enough “affordable” mid-grade notes to meet demand for these ever popular notes.

The example offered here is a perfect mid-grade note, evenly circulated and boldly printed. Bright lime green overprint inks

are featured on the face and full margins frame the darkly inked plate impression. Around a dozen examples of this New York district catalog number are known to exist. A few pinholes are concentrated near center and mentioned by the grading service on the back of the holder. The overall appeal is wonderful for the grade. This is certainly a note that checks plenty of boxes for a number of collectors and we expect it to be hotly contested when it crosses the auction block.

## Brilliantly Colored Richmond \$5000

20461

**Fr. 2221-E. 1934 \$5000 Federal Reserve Note. Richmond.** PMG Choice About Uncirculated 58 EPQ. High grade ultra-high denomination notes are always in demand as there are never enough notes available to meet the needs of collectors due to their extreme popularity and wide ranging appeal. The type is found with a portrait of our nation's fourth President, James Madison, gracing the center of the note with robust 5000 counters at all corners.

This remarkable 1934 \$5000 from the Richmond district displays brilliant color with vibrant light green overprint inks,

bright paper and boldly inked engraved design elements. The choice paper is well margined and nicely embossed. Just a bit of handling appears to prevent this example from a full Choice Uncirculated grade. Of the 14 examples of this catalog number that PMG has graded only four have graded finer than the note offered here. The grading service has also added the comment "Great Color" to the back of the holder.

## Ex-Binion 1934 New York \$10,000

20462

**Fr. 2231-B. 1934 \$10,000 Federal Reserve Note. New York. PMG Uncirculated 61.** One of the most well known stories in all of American currency collecting is that of the 100 Series of 1934 \$10,000 Federal Reserve Notes that for nearly 50 years were housed inside of a golden horseshoe display at Binion's Horseshoe Casino in Las Vegas. The \$1,000,000 display at Binion's was a Las Vegas staple attracting tens of thousands of visitors a year who would flock to have their picture taken next to more cash than most people would ever see in their lives.

All 100 of the Binion notes are from the New York Federal Reserve District. The prominent face design of these notes depicts the portrait of Salmon P. Chase, the Secretary of the Treasury during the Civil War. Arched "10,000," counters, upper left and right with "THE UNITED STATES OF AMERICA," between. Laurel leaves seen at left and right frame and also

flanking the portrait. A simple year powerful back styling shows with four "10,000," counters at the corners and large stylized "10,000," center with "THE UNITED STATES OF AMERICA, TEN THOUSAND DOLLARS."

These ultra-high denomination notes are highly sought-after by collectors as this represents the highest denomination of United States currency ever available for public circulation. The example offered here faces up well having never actually entered circulation. The plate impression is bold and fully framed with sharp details seen in Chase's portrait at center. Only 100 of these Binion notes are available to collectors and surely there are more collectors who desire to own one. Here is your opportunity to secure a legendary piece of numismatic lore.

## MAJOR ERRORS

### First Ever Public Offering- 2013 \$1 Star Notes with Duplicated Serial Numbers

20478

**Fr. 3001-B★ & 3002-B★. 2013 \$1 Federal Reserve Star Notes. New York. PMG Choice Very Fine 35 & Gem Uncirculated 66 EPQ. Duplicated Serial Number.** Your eyes are not deceiving you. These are in fact two different one dollar notes, but they are from the same year, same treasury officials, same denomination, same replacement designation, same federal reserve bank, and they have the same serial number. The only difference is that one was printed in Washington DC and the other in Fort Worth. How did this happen you ask? Well that's the thing, it's not supposed to happen and has only happened a few times prior. Peter Huntoon has written two great in-depth articles about these banknotes, once in the March 2020 Bank Note Reporter and again in January 2021.

To summarize, The BEP accidentally duplicated some serial numbers on the 2013 Series Federal Reserve Star Notes for the New York district. In early 2015, Passionate collectors Ed Zegers and Mr. Karol Winograd noticed that there were some series of 2013 FRN stars circulating for the New York district that were not listed in BEP production reports. This alone is curious enough, but what really lit this niche world on fire was a year and a half later when it was learned that the Fort Worth facility had printed more NY stars, some with serial numbers in the same range as the previous documented DC issues. The print run for series of 2013 New York stars lasted for four and half years and resulted in 6,650,000 duplicate serial numbers (13,300,000 total notes), again the only difference being that half were printed in DC and the other half in Fort Worth. While perhaps mundane to some, were this to affect a modern coin (or Pokemon card) in the same way, there would be constant news

reports and stories of bags of cash exchanging hands to acquire these oddball rarities. And to be fair, with more than 13 million of these floating around, finding an example is not difficult. The challenge is finding a matched pair.

BEP PRINTING DATA FOR 2013 \$1 REPLACEMENT for the NEW YORK DISTRICT:-In October and November 2014, the DC printing facility received BEP authorization to print Series 2013 \$1 New York Star Notes with serial numbers B00000001★-B00250000★, and B03200001★-B09600000★, they were printed and sent out into circulation.

-In June and July 2016, the FW printing facility received BEP authorization to print Series 2013 \$1 New York Star Notes with serial numbers B00000001★-B06400000★, and B06400001★-B09600000★, they were printed and sent out into circulation.

This pair did not magically come together, as members of the group found the PMG 66 in an original BEP pack from a currency dealer in Alaska. Two years later, the other example was found in a coin shop in Germany!

The project is now lead by Mr. Karol Winograd and several collectors have joined the impressive network and have spent countless hours recording and tracking any pair possible. Searching eBay, auction sites, and even pocket change! Since the first pair was discovered in 2016, the group has amazingly matched a total of seven pairs. Any estimate here is just a guess but owning a pair will allow the new owner to enter an extremely elusive club.

This example is a new addition to the current census, and is sure to be a hit among California collectors. The First National Bank of Ducor was chartered in December of 1912, and was one of many banks to fail during the Depression. The bank was liquidated on June 18, 1931 and issued \$271,780 during its banking tenure. At close, \$23,740 was still reported out on the bank. Just a few examples have surfaced today, leaving collectors grasping at straws to acquire a note from this elusive charter.

into receivership on December 18th, 1933. This note is a new addition to the current census, and is sure to generate a buzz. ## Beautiful Julesburg, CO Red Seal

20485

**Julesburg, Colorado. \$10 1902 Red Seal. Fr. 614. The First NB. Charter #8205. PMG About Uncirculated 55.** Up for auction tonight is one of the nicest 1902 red seals you will ever see from any bank in the country. In 2008 The Frederick Mayer collection of Colorado national banknotes was auctioned to the highest bidders. That sale included hot ticket items like a high grade Aspen brown back, a semi-unique and high grade Denver first charter on blue end paper, a first charter ten on Fort Collins, and a 1902 \$100 red seal from Denver. And each of those notes sold for thousands of dollars less than this red seal from Julesburg. When the dust settled, the final price with the buyer's premium was \$54,625, and the new owner was thrilled

with the purchase, describing it as the freshest and brightest red seal he had ever seen. Your cataloger has to agree. The red seal is as rich and contrasted as you will ever see. The margins are better than average. And you would be hard-pressed to find crisper or cleaner signatures.

Julesburg had two national banks. This piece is one of two red seals known on the more common charter, The First National Bank of Julesburg. But throw out the metrics and statistics on this one. Just look at the condition. Every other red seal afterwards will be a disappointment.

PMG Gem Uncirculated 66 EPQ.** This Kent County bank was chartered in July 1876 and issued more than \$1.8 million in National Currency under two different titles through 1935. There were 3,349 Series of 1875 \$10-\$10-\$10-\$20 sheets issued by the bank. The National Bank Note Census reports that 14 of these \$10s are known to collectors. The example offered here is broadly margined, vividly printed and exceptionally colored. PMG has added a "Great Color" comment to the end of their EPQ qualifier.

The vignette on the left side of the face is Franklin and Electricity, portraying the founding father's famous kite flying experiment. To the right is America Seizing Lightning, which represents the electrical revolution sweeping the country at the time. The back features a beautifully ornate scene at center DeSoto Discovering the Mississippi, as painted by W.H. Powell and later engraved by Frederick Girsch.

This note is a new addition to the currency census, allowing National collectors to acquire one of these scarce types.

## FLORIDA

20489

**Arcadia, Florida. \$10 1902 Plain Back. Fr. 633. The First NB. Charter #5534. PMG Very Fine 25 Net. Repaired.** This tough De Soto County bank was organized in June of 1900 and issued a little over \$1 million in both large and small size notes into circulation during its time in operation. At its closing in January of 1932 just \$8,860 in large size notes remained outstanding from the bank. The Track & Price census stands at just 10 large and 8 small for the bank. This mid-grade \$10 Plain Back displays bright paper, bold inks and strong issuing signatures. PMG comments “Repaired” on the back of the holder but the work is skillfully executed and difficult to notice.

**\$2,000 and Up**

20490

**Daytona Beach, Florida. \$10 1929 Ty. 1. Fr. 1801-1. First Atlantic NB. Charter #12546. PMG Extremely Fine 40.** The First Atlantic NB of Daytona Beach issued small size notes only to the tune of \$260,130 through the end of the note issuing era in 1935. Just 19 notes are recorded in the Track & Price census for this Volusia County including this broadly margined and well embossed Type-1 \$10. This bright and sharply inked example experienced only moderate circulation before being retired from the channels of commerce and saved for the collecting public.

**\$2,000 and Up**

20491

**DeLand, Florida. \$5 1929 Ty. 2. Fr. 1800-2. The Barnett NB. Charter #13388. PMG Choice Uncirculated 64. Serial Number 3.** This Choice Uncirculated Florida National boasts the coveted low serial number of “A000003.” Bright paper and dark brown overprints add to the appeal, along with wide margins. PMG comments “Ink.”

**Fernandina, Florida. \$20 1902 Plain Back. Fr. 653. The First NB. Charter #4558. PMG Choice Fine 15.** Boldly printed inks are displayed by this average circulated \$20 Plain Back. This bank issued more than \$2.28 million in National Currency from 1891 through 1935. Only \$5,965 in large notes were still outstanding though by 1935.

**\$800 and Up**

20493

**Gainesville, Florida. \$10 1902 Date Back. Fr. 618. The Gainesville NB. Charter #8802. PMG Fine 12. Serial Number 10.** A downright rare offering from this Alachua county bank with just five large size notes reported to survive on the bank. The short lived bank issued just \$736,550 in large size notes only from the time of its chartering in July of 1907 to its liquidation in December of 1918. Low serial number 10 is seen below McKinley's portrait at left. PMG comments "Stained" on the back of the holder. The level of circulation seems to be more consistent with the Very Fine level with the assigned grade certainly taking into account the staining.

**\$2,000 and Up**

20495

**Homestead, Florida. \$5 1929 Ty. 1. Fr. 1800-1. The First NB. Charter #13641. PMG Choice About Uncirculated 58 EPQ.** The FNB of Homestead was a small size only bank chartered in October of 1932. It issued just \$72,880 through the end of the note issuing era in 1935. Today 22 small size notes and three uncut sheets are recorded in the Track & Price census for this Miami-Dade County bank. This example is among the nicest we have seen with bright, deeply embossed paper and vividly printed inks. Only some light handling prevents a fully uncirculated grade.

**\$2,000 and Up**

20494

**Graceville, Florida. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #7423. PMG Very Fine 20.** This tough Jackson County bank was organized in September of 1904 and issued both large and small size notes before going into receivership in October of 1931. Just five small size notes are recorded in the census for the bank as opposed to 10 large notes known. The example offered here is darkly printed and evenly circulated with no detracting characteristics to speak of. It has been more than four years since a note from this bank was sold at auction.

**\$2,000 and Up**

20496

**Key West, Florida. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #4672. PMG Choice Extremely Fine 45.** This is a wonderfully appealing Type-1 \$20 from this southernmost point locale. Bright paper and vividly inked design elements are displayed on this lightly handled note. Key West was the only town in the lower keys to have National Currency notes issued with two banks issuing notes. This charter is the only truly collectible charter for the town as the other reports just two large notes known.

## Palm Beach County Rarity

### One of Just Four Known

20497

**Lake Worth, Florida. \$5 1902 Plain Back. Fr. 607. The First NB. Charter #11716. PMG Very Fine 25 Net. Minor Repairs, Stains.** This is an incredible Florida rarity from well collected and under represented Palm Beach County. Just four notes are reported from this large size only bank. The First National Bank of Lake Worth was organized in April of 1920 and issued 1902 \$5 Plain Backs only to the tune of \$170,300. The bank went into receivership in April of 1927 with \$32,300 outstanding at close.

Dark inks and sharply printed design elements are featured

on this example. The paper displays average circulation with good body. Bold blue overprints are featured on the face and add to the overall appeal. The grading service mentions “Minor Repairs, Stains” on the back of the holder while each are fairly insignificant in light of the rarity. Certainly there are nary enough notes to meet collector demands for this one bank locale. This is an important opportunity for serious Florida collectors to secure a very rare charter.

20498

**Leesburg, Florida. \$5 1902 Plain Back. Fr. 606. The First NB. Charter #11038. PMG Very Fine 20.** Just 16 large size notes are recorded in the Track & Price census for this Lake County bank (along with 22 small). Average circulation and bold blue overprints are featured on this \$5 Plain Back. The stamped signatures, while faded, are both still visible.

## Rare Large Size Milton

20499

**Milton, Florida. \$5 1902 Plain Back. Fr. 598. The First NB. Charter #7034. PMG Very Fine 20.** The First National Bank of Milton was chartered in November of 1903. The bank issued just \$546,170 in National Currency before being liquidated in March of 1934. At the time of its closing just \$1,550 in large size notes remained outstanding from the bank. It is no wonder then that this Santa Rosa County issuer is as rare as it is with just four

large size notes known along with only three small size notes. This \$5 Plain Back displays bright, evenly circulated paper and bold stamped bank officers' signatures. The blue overprint inks are bold while the engraved design elements are all sharply detailed and dark. This is undoubtedly a Florida charter missing from many advanced state collections.

## Serial Number 1 Palatka \$10

20500

**Sarasota, Florida. \$5 1929 Ty. 1. Fr. 1800-1. The Palmer NB & TC. Charter #13352. PMG About Uncirculated 53. Serial Number 3.** Low serial number E000003A adds to the already wonderful appeal of this Type-1 \$5 from this tough gulf coast bank. The Palmer NB and Trust Company was chartered in July of 1929 and issued \$124,470 through the end of the note issuing era. According to the Track & Price census just thirteen individual small size notes are known to survive on the bank while a striking 12 uncut sheets are reported to survive. This low serial number example clearly didn't circulate and displays broad margins, bold inks and pronounced embossing. Just some modest handling accounts for the assigned grade.

**\$2,000 and Up**

The note itself is found in a Very Fine grade showcasing dark brown overprints and fully framed margins.

20502

**Pensacola, Florida. \$10 1882 Date Back. Fr. 545. The American NB. Charter #5603. PMG Very Fine 25.** Bold machine printed signatures and evenly circulated paper is displayed by this striking Second Charter \$10 Date Back from this Panhandle bank. Darkly printed inks and full margins are observed. PMG comments "Pinholes" on the back of the holder but they do little to distract from this note's overall appeal.

**\$1,500 and Up**

20503

**Pensacola, Florida. \$20 1882 Date Back. Fr. 555. The First NB. Charter #2490. PMG Choice Very Fine 35.** This modestly circulated 1882 \$20 Date Back features everything you could want in a circulated note with bright paper, vividly inked design elements and a perfectly framed plate impression. The machine printed signatures are sharply presented and the paper is wholesome and shows little signs of true circulation.

## Rare Sanford Charter

20504

**Sanford, Florida. \$10 1902 Plain Back. Fr. 626. The First NB. Charter #3798. PMG Fine 12.** Just five notes are reported to survive from this rare Sanford charter. The First National was one of two banks to issue in this Seminole County town. The bank issued large size notes only to the tune of \$273,630 from the time of its organization in April of 1887 until it went into

receivership in July of 1929. Just \$3,820 was outstanding at the time of its closing. PMG comments "Stained" on the back of the holder. Some staining is observed on the face but it is not all too inconsistent with the level of circulation.

**\$6,000 and Up**

20505

**Tampa, Florida. \$20 1902 Date Back. Fr. 642. The American NB. Charter #7153. PMG Choice Fine 15.** This Tampa national features a purple bank stamp on the obverse which reads "Metropolitan Bank (Of England and Wales) Limited, Oxford. Interestingly, this bank title operated in Birmingham, West Midlands in England from 1893 to 1914, placing this note in England prior to the start of the First World

War. Just nine notes are reported in Track and Price's census for this Hillsborough County bank, all of which are large size. This \$20 Plain Back is a new addition to the current census. The bank operated from March 1st, 1904 and shut its doors in 1929, just one of the many banks to fail after "Black Tuesday." PMG comments "Bank Stamp."

**\$1,500 and Up**

20506

**Tarpon Springs, Florida. \$5 1902 Plain Back. Fr. 609. The First NB. Charter #12274. PMG Choice Very Fine 35.** Boldly penned bank officers' signatures are prominently displayed on the face of this \$5 Plain Back. This tough Pinellas County bank issued just \$134,640 in large size notes only between November of 1922 and October of 1933. Only a miniscule \$515 in notes remained outstanding at the time of its closing. Some minor rust is seen on the back as mentioned by the grading service otherwise the note is bright and just lightly circulated.

The city of Tarpon Springs was settled in 1876 and incorporated in 1887. When visitors first came to the area they noticed large silver colored Tarpon jumping into the air around the local waters and the town was hence named Tarpon Springs. This is wonderfully appealing example from a tough Florida bank. Don't miss the hook set on this one!

## GEORGIA

## Exceptional Georgia Red Seal Sheet

20507

**Uncut Sheet of (4) Macon, Georgia. \$5 1902 Red Seal. Fr. 588. The Citizens NB. Charter #8990. PMG Choice About Uncirculated 58. Serial Number 1.** This uncut sheet of Macon #1 red seals is perhaps the best national banknote discovery from the state of Georgia, maybe ever. What makes this discovery even more exciting is that the existence of this sheet has never even been rumored. It came into the Stacks Bowers New York City office and was consigned without any of the distracting “fanfare” that usually precedes the emergence of such a numismatic treasure. Meaning that the auction tonight is the first time this sheet has ever been on the market. Everyone is having an equal and fair chance to obtain a top tier numismatic rarity.

Seasoned collectors will instantly understand the importance of such a sheet. But for the uninitiated and/or statisticians, consider the following. According to the NBN Census, there are just 31 uncut sheets of red seals known. Of that total, only seven sheets are serial number ones. Several thousand banks issued red seals, yet the number of documented surviving number one sheets is just seven.

From 1945 until mid-2018 there was just a single serial number one red seal known to exist from Georgia. It is a lovely example from Fort Valley whose whereabouts are currently unknown to your cataloger since it was sold several years ago as a nearly complete #1 red seal collection. In late 2018 Stacks sold a single low grade serial #1 red seal from Hawkinsville. That piece brought \$21,600.

Collectors are also fortunate to have an ironclad provenance on this sheet. It was saved by Eugene Stetson, the signing cashier. His biography is quite impressive and easily found online, but some highlights are that in 1905 Eugene W. Stetson founded The Citizen Bank in Macon, Georgia. Reportedly, he was the youngest President of a U.S. bank at the time. He was recruited in 1916 by the Guaranty Trust Company of New York, the largest bank in the U.S. to develop the finance business in the South. Three years later in 1919, Eugene Stetson organized the public offering of the Coca-Cola Company and went on the Board of Directors and the Executive Committee where he served until his death in 1959 and was the longest serving member of the Board and of the Executive Committee when he died. At the request of Averill Harriman, Eugene Stetson in the early 1930s became Chairman of the Executive Committee of the Illinois Central Railroad. He kept the railroad out of bankruptcy during the Depression. Stetson rose to become the President, CEO and Chairman of the Guaranty Trust. Before he died, Stetson organized the purchase of the J.P. Morgan Bank, which didn't have a lot of capital, but had a very good management team. He died three months after the purchase closed.

Our estimate is admittedly quite conservative. Don't fall in love with that range and expect to walk away with what will undoubtedly be a front cover item for as long as banknotes are collected.

## High Grade Quincy First Charter Five

20516

**Quincy, Illinois. \$5 1875. Fr. 404. The Ricker NB. Charter #2519. PMG Choice Uncirculated 64 EPQ.** This is a remarkably well preserved example of this First Charter \$5 design type. This sharply printed example displays the vignettes Columbus in Sight of Land at left and America Presented to the Old World at right. Bold red overprint inks include the scalloped Treasury Seal at right. The signatures of bank officers George and Henry Ricker are machine printed in bold black inks. The Ricker National Bank was chartered in 1881 and issued more than \$5 million in National Currency before liquidating in June 1923.

First Charter \$5 National Currency notes were produced by the Continental Bank Note Company, a smaller nineteenth century maker of large currency (with American Bank Note Company and National Bank Note Company being the largest). The firm was founded in 1862 by W.L. Ormsby, an outspoken critic of the American and National firms. When Continental sought Treasury contracts, Ormsby's name did not appear on the documents. He earned a \$5,000 annual salary as the firm's primary plate engraver.

## Serial Number 1 Smithton, IL. \$20 Uncut Sheet

**Uncut Sheet of (6) Smithton, Illinois. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #13525. PMG About Uncirculated 50. Serial Number 1.** The First National Bank of Smithton was a late-comer into the National Banking period, having been chartered on January 31, 1931. The bank remained in business through the end of the National Banking period, issuing \$65,560 during its lifetime. The total reported outstanding on the bank in 1935 was \$22,750. Today, Track and Price reports 28 notes known to the bank. This sheet is an astonishing new discovery, and any Illinois or National collector will rejoice at the chance to add this prize to their collection. This is the second sheet reported to the bank, however this sheet bears the coveted serial numbers of "000001" and are the first Type 1 \$20s to come forth with this always in demand serial number. This sheet was most likely saved by a bank officer or employee, and today is being offered to the collecting community. This sheet displays excellent appeal for the assigned grade. The paper remains bright and the details dark. The sheet does appear to have been folder for storage/safe keeping at some point in its long life. PMG comments "Annotation."

## MAINE

### Incredibly Rare Belfast \$5 Brown Back

20524

**Belfast, Maine. \$5 1882 Brown Back. Fr. 472. The Peoples NB. Charter #4806. PMG Very Fine 25.** The Peoples National Bank of Belfast was chartered on October 18th, 1892 and issued approximately \$155,200 during its 12 years in operation (all Brown Back's). The bank was liquidated on Halloween Day in 1904, and as of 1910 just \$2,435 was left outstanding for the bank. The city takes its name from Belfast, Ireland, and was named so by the 35 Irish-Scottish investors who purchased the land in 1759. Interestingly, the city was occupied by the British during the War of 1812 and was held for five days, and was burned to the ground by the British Army when they left the town. Track and Price's census reports just two notes in their report for this bank, both of which are \$5 Brown Back's. The two notes in their census bear the same serial number but without plate letters, leading us to believe the entry was duplicated. Rare, and a good opportunity for a National collector to acquire a scarcely encountered charter.

**Boston, Massachusetts. \$20 1882 Date Back. Fr. 549. The South End NB. Charter #4202. PMG Very Fine 20.** Boston had more than 75 banks to issue National Currency and this bank is among the rarest of them. The South End National Bank of Boston issued nearly \$1.5 million in National Currency notes from January of 1890 until its liquidation in January of 1914. The Bank issued Series of 1882 Brown Backs and Date Backs along with Series of 1902 Date Backs. Today just five notes are known to survive from the bank. This Second Charter \$20 Date Back is a pleasing representation of the charter. Wholesome paper, vividly printed inks and strong stamped signatures are all found on this example.

**Canton, Massachusetts. \$1 Original. Fr. 380a. The Neponset NB. Charter #663. PMG Very Fine 25.** Excellent eye appeal on the face, with bright paper, sharp ink tones, and clear signatures of the bankers. Margins are uneven and tight, in New England style, with the top and right into the design. The bank operated from 1864 until 1916 and issued a considerable amount in currency, nearly \$3 million. However, survivors are quite rare today, this note being one of just two Series of 1875 aces, and one of just thirteen notes totally reported on the bank-and among the highest quality of any of these notes. Auction appearances are few and far between. A very tough Massachusetts title on a one-bank town. Signatures of Francis W. Deane, cashier, and Charles W. French, president. The Presidents signatures shows some minor corrosion which is commented by PMG as "Ink Burn."

## First Charter 1875 \$50

20578

**Lancaster, Pennsylvania. \$50 1875. Fr. 444. The Farmers NB. Charter #597. PCGS Banknote Very Fine 10 Details. Restorations, Design Redrawn.** The Farmers National Bank of Lancaster was chartered on December 1st, 1864 and issued a whopping \$2,238,550 during its lifetime. The bank was liquidated on November 22, 1904 and as of 1910 \$18,520 was left outstanding. Track and Price's census lists this note as the sole 1875 Fifty reported to the bank, having made just

two auction appearance over the past 25 years. The note depicts George Washington crossing the Delaware at left, and Washington praying at right with Angels watching protectively in the background. This note is well circulated with restorations, however 1875 \$50's are quite difficult to obtain in any grade and this example is sure to be scooped up by savvy collector. PCGS Banknote comments "Restorations, Design Redrawn."

**\$15,000 and Up**

20579

**McKeesport, Pennsylvania. \$5 1882 Brown Back. Fr. 472. The NB. Charter #4625. PMG Very Fine 25. Serial Number 1.** Track and Price's census lists a scant two 1882 Brown Back Five's are reported to this Allegheny County issuing bank. This note is found with the always in demand Serial Number 1, and is sure to be a hit with collectors. The penned signatures are exceptionally neat on this piece and retain dark ink and are completely legible. The margins offer plentiful paper and add to the appeal. This note was most likely saved by a savvy bank employee, safeguarding it for future generations to cherish.

**\$2,250 and Up**

20580

**New Castle, Pennsylvania. \$50 1882 Brown Back. Fr. 515. The Citizens NB. Charter #4676. PCGS Banknote Very Fine 25.** A savvy collector must have seen this note in passing, as it is reported in Track and Price's census with no auction record. This note is the only Brown Back Fifty reported to this Lawrence County issuing bank, and is a rare treat for collectors bidding on this lot tonight. The front of the note displays the vignette of George Washington crossing the Delaware River at left, and at left is a scene of allegorical women looking over a praying Washington. PCGS Banknote comments "Pinholes."

**\$3,000 and Up**

20581

**New Castle, Pennsylvania. \$100 1902 Plain Back. Fr. 702. The Citizens NB. Charter #4676. PCGS Banknote Very Fine 25.** This Lawrence County issuing bank has three Plain Back \$100's reported to it in Track and Price's census at the time of cataloging. Overly sized stamped signatures are found in violet ink. The detail of the primary design retains dark ink, and offers good appeal for the assigned grade.

**\$1,000 and Up**

20584

**Pittsburgh, Pennsylvania. \$20 1882 Date Back. Fr. 552. The Duquesne NB. Charter #2278. PCGS Banknote Choice Uncirculated 63 PPQ.** This Pittsburgh \$20 Date Back is screaming with originality. The embossing is deep and the overprint is extremely bold which contrasts nicely with the black inks and bright white paper.

**\$1,000 and Up**

## Scarce Pittsburgh \$100 Brown Back

20582

**Pittsburgh, Pennsylvania. \$20 1875. Fr. 434. The Merchants & Manufacturers NB. Charter #613. PMG Very Fine 25.** Track and Price reports just two 1875 \$20's available to collectors from this Allegheny County issuing bank. The note last sold in a 2001 auction for \$1,485, with the other known example having no known auction collectors. We expect to see spirited bidding on the Pennsylvania national, as it may be another twenty years before collectors get a chance to bid on this example again.

**\$1,500 and Up**

20585

**Pittsburgh, Pennsylvania. \$100 1882 Brown Back. Fr. 530. The Bank of Pittsburgh, National Assoc. Charter #5225. PCGS Banknote Very Fine 30.** A scant three \$100 Brown Backs are reported to this Allegheny County issuing bank. At left on the obverse is a vignette of Commodore Oliver H. Perry rowing from the stricken USS Lawrence to the USS Niagara during the Battle of Lake Erie, which took place on September 10th, 1813. The Battle of Lake Erie would be one of the largest naval engagements of the War of 1812, and was an American victory which later allowed the Americans to re-take Detroit and later win the Battle of Thames. Interestingly, the USS Niagara (which was also sister ship to the Lawrence) is still afloat today, and serves as a museum/training ship in Pennsylvania, and historically still sails Lake Erie.

The oversized signatures remain dark and legible, and stand out along with dark red overprints. The margins offer plentiful paper, and this Very Fine high denomination Brown Back offers good appeal for the assigned grade. This type is always popular among collectors, and we wouldn't be surprised if our high estimate is met or exceeded.

**\$4,000 and Up**

20583

**Pittsburgh, Pennsylvania. \$5 1875. Fr. 401. The Exchange NB. Charter #1057. PCGS Banknote Very Fine 30.** This First Charter Five is a new addition to the Track and Price census for this Allegheny County issuing bank. Previously, just four 1875 Fives were reported to this bank, and this example brings the number known to five.

**\$800 and Up**

20586

**Pittsburgh, Pennsylvania. \$5 1902 Red Seal. Fr. 587. The Mellon NB. Charter #6301. PCGS Banknote Choice Uncirculated 64 PPQ.** An exceptional example of this very attractive & nearly Gem Red Seal type, which boasts bright white paper, dark blue overprints, bold signature and cherry red overprints. Art-like appeal is found on the reverse, and you would almost want to frame this note to display for all to see.

**\$1,000 and Up**

20587

**Red Lion, Pennsylvania. \$5 1882 Brown Back. Fr. 477. The Red Lion First NB. Charter #5184. PMG Fine 12.** Darkly penned signatures remain attractive on this Pennsylvania Brown Back. Only two Brown Back Fives are reported to this York County issuing bank. Three of the four margins offer larger-than-average margins on the obverse. A good opportunity for the Pennsylvania collector to acquire a note from this bank.

**\$800 and Up**

20588

**Saltsburg, Pennsylvania. \$5 1875. Fr. 405. The First NB. Charter #2609. PCGS Banknote Very Fine 30 PPQ.** This First Charter Five offers pleasing appeal for the assigned grade. The detailed designs of Columbus sighting land at left and the allegorical scene at right of the "new" world being presented to the "old" world retain plenty of appeal.

**\$1,000 and Up**

20589

**Tremont, Pennsylvania. \$1 Original. Fr. 380. The First NB. Charter #797. PMG Very Fine 25.** The last time a note from this charter sold in public auction was 1994, so any collector that has been waiting for their chance to acquire an example from this bank better do so tonight, as it might be another 30 years before another example becomes available for auction. Track and Price reports four notes in their census for this charter, with this example being a new and welcomed addition to the census. The First National Bank of Tremont was chartered on Valentine's Day in 1865, and was liquidated on March 4th, 1879. The bank issued \$206,500 in currency, and as of 1910 just \$1,320 was left outstanding on the bank. The presently offered example displays boldly penned signatures which display well for the assigned grade. We would not be surprised if our high estimate is met or exceeded.

**\$2,500 and Up**

20590

**Wampum, Pennsylvania. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #6664. PCGS Banknote Very Fine 20.** The National Bank of Brookville, Pennsylvania was chartered in 1903 and operated for 31 years, but the currency issue was small at just under \$225,000. As of the closing in 1934, just \$280 was believed outstanding in large-size notes, and none are known today. Overall, just \$10,500 was believed outstanding from the total issue, but just three small-size notes have been accounted for, including this one, and all are in similar grades. Pennsylvania collectors will rejoice as opportunities to acquire scarce nationals only come once in a blue moon, and we anticipate spirited bidding on this lot.

**\$1,000 and Up**

## TEXAS

20591

**Washington, Pennsylvania. \$10 1882 Brown Back. Fr. 480. The First NB. Charter #586. PCGS Currency Extremely Fine 45 PPQ.** This is an attractive mid-grade \$10 Brown Back from this western Pennsylvania bank. The First National Bank was chartered in November 1864 with authorized capital of \$150,000, and limited to \$300,000. Colin M. Reed was the founding president and James McIlvaine was the first cashier. The institution performed well. On April 17, 1927, it was voluntarily liquidated and was absorbed by the Real Estate Trust Company of the same city. Thus its formal banking operations ended. Fully original paper is found, which adds to the appeal along with darkly inked & fully legible bank officer's signatures.

**\$1,000 and Up**

## RHODE ISLAND

20592

**Providence, Rhode Island. \$5 1875. Fr. 401. The Old NB. Charter #1151. PMG Very Fine 25.** This 1875 Five displays good detail of the design for the assigned grade. Columbus discovering the New World is detailed at left, and at right is Pocahontas being presented to the Royal Court. Out of 24 notes reported to the bank, just four of them are \$5's from the Series of 1875. A good opportunity for New England collector to acquire this elusive denomination.

**\$2,000 and Up**

20593

**Dallas, Texas. \$50 1902 Plain Back. Fr. 677. The National Exchange NB. Charter #3623. PMG Very Fine 20.** \$50 Nationals are among the scarcest of the denominations, and this Very Fine Dallas, Texas note is sure to attract attention.

**\$800 and Up**

## VIRGINIA

20594

**Alexandria, Virginia. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #651. PMG Choice Uncirculated 63 EPQ.** A lovely Choice Uncirculated example of this Virginia Type 1. The paper is bold and the inks dark. Pleasing embossing is noticed through the third party holder.

**\$800 and Up**

20595

**Salem, Virginia. \$5 Original. Fr. 399a. The Farmers NB. Charter #1824. PMG Very Fine 30 EPQ.** Track and Price reports just one Original Five is available to collectors from this Salem issuer, but this example now makes two available to collectors. This example is found in a Very Fine grade with PMG's all important EPQ designation denoting "exceptional paper quality." The detail remains strong for the assigned

grade. The signatures are neatly penned and still legible. The Farmers National Bank of Salem was chartered on May 23rd, 1871 and was one of the few banks to last until the end of the National Banking period in 1935. At the time of close in 1935, just \$4,435 in large size currency was left outstanding.

**\$6,000 and Up**

## WASHINGTON

### Rare Pacific Northwest National

20596

**Centralia, Washington. \$20 1902 Date Back. Fr. 644. The United States NB. Charter #8736. PCGS Banknote Very Fine 25.** The town of Centralia was founded by George Washington, a free African American in 1872. Washington is best remembered today as being one of the leading African American pioneers of the Pacific Northwest. The Northern Pacific Railroad was to pass through the location and Washington, being a business-savvy individual, filed for a plat for the town. The town fared well under Washington, who even gave personal loans and forgave debt to keep the economy going. The primary economy for the town was coal, lumber, and dairy products. The name "Centralia" came from the town being a halfway point between Tacoma and Kalama.

The United States National Bank of Centralia was organized on June 10th, 1907 and issued notes from the Red Seal and Date Back series. The bank went into receivership on September 21st, 1914 and issued \$455,200 during its lifetime. As of 1916 \$21,725 was still outstanding on the bank and as of 2021, a scant three notes are reported in Track and Price's census. This note is the only example from the census to have an auction record, and realized \$10,200 in January of this year. This example is the highest denomination reported to the bank, and any Pacific Northwest or rare national collector will vie to add this note to their collection.

## WEST VIRGINIA

20597

**Mannington, West Virginia. \$5 1882 Brown Back. Fr. 474. The First NB. Charter #5012. PMG Very Fine 30.** Track and Price reports just two Brown Back Five's in their census for this Marion County issuing bank. This example is a new and welcomed addition to the current census, giving collectors a chance to own this scarce national. The font style for the bank name & denomination is very unique, with very few

banks using this style. This font & layout style rivals the popular "circus font" style found on other Brown Backs of the era. The signatures remain bold and fully legible. A good opportunity for any West Virginia or National collector.

## WISCONSIN

### Rare 1929 \$50 Uncut Sheet

20598

**Uncut Sheet of (6). Neenah, Wisconsin. \$50 1929 Ty. 1. Fr. 1803-1. The First NB. Charter #1602. PMG About Uncirculated 50. Serial Number 2.** According to the national bank note census, there are just ten uncut sheets of 1929 \$50s from the entire country. That figure is not surprising. The vast majority of banks never issued this denomination. Furthermore, saving \$300 for the sake of posterity can be tough today, much less in 1933, through the great depression, and the 88 years since. Notice we said 1933 instead of 1929. We know this because the sheet comes with it's original mailing envelope. Neither the Smithsonian or ANA Museum has any envelopes used for the

original shipments of national currency. Return address stated as "From, Comptroller of Currency, Treasury Department, Washington D.C.," at top right. "registered," stamped at top center. Verso side of envelope seen with (2) blue treasury department seals at the flaps and several "June, 19, 1933," post marks. Since this is a type1 1929 sheet, all the serial numbers are the same low 000002A, with just the first letter changing on each. Estimated at no more than the sum of the parts, this piece will either make a firm foundation for a new collection or be a cornerstone of an existing one. PMG comments "Tear."

## MISCELLANEOUS CURRENCY

20599

**1877 Heath's Compound Microscope with Original Distribution Box. Patent Date Stamped on One Side. Extremely Fine.** Titles and specifications on original distribution box. Heath's improved adjustable compound microscope, [Patented, Dec. 25, 1877], For Examining Bank Notes, Minerals, Flowers, Seeds, Linen, etc., etc. Folding stand with legs decorated with scrollwork, glass magnifying lens which tilts, stored in the original distribution cardboard box, with pictorial beige cover label, as issued. The microscope when open is 12.5 x 5.5 cm wide at the base and 6 cm in height. The lens has a diameter of 4.5 cm. Box label with titles, illustration of folded out microscope, and patent date. The microscope is essentially as made and in choice condition. The original box has borne the brunt of the wear, with 3 of the 4 vertical parts of the box top now split. The survival of the original box is just short of a miracle, and in fact the similarly high quality MJS Collection

microscope with a green original box brought \$6,600 in our March 2019 Baltimore Auction. This microscope by counterfeit detector publisher Laban Heath, with the patent date stamped on only one leg on one side, is of the same and overall design of the ones in the MJS collection, but its leg scroll work is most similar to lot 9283, which did not have any patent stamp on its legs. The other MJS piece without box and of slightly lesser quality (lot 9284 at \$3360) had the patent date stamped on both sides. The single stamp example is an interesting variant and a piece destined for an advanced collection of security printing history. Accompanying this scope is a short article about these microscopes, including images of original circulars and advertising listing the microscopes, specifications, including its \$3 retail price!

**Columbia, Texas. Commercial & Agricultural Bank of Texas. 1830's-40's. \$1. PMG Choice About Uncirculated 58 EPQ. Remainder.** (TX-5 G2) Draper, Toppan, Longacre & Co. Phila & N.Y. At left, Daniel Boone standing with rifle. At right, Indian near shore in canoe. The Commercial & Agricultural Bank of Texas was authorized in April 1835 and was headquartered in the town of Columbia, before Texas joined the Union (in 1845). The capital was set at a maximum of \$1,000,000, and the bank was allowed to establish branches wherever it wanted to. Although on December 14, 1837, the Texas Congress had passed an act prohibiting any person or entity to issue paper money, on February 3, 1841, the Congress authorized McKinney & Williams, proprietors of the Commercial and Agricultural Bank, to issue \$30,000 worth of bills, as the partnership had provided financial aid to the Texas government earlier. Notwithstanding this, the bank never opened its doors. A supply of bills ordered from Philadelphia was thus useless at the time, but generations later proved to be a boon to collectors, especially the four subject \$1-\$1-\$1-\$1 sheets, many of which were cut apart, yielding the available supply of numismatic mementoes of this bank that might have been, but wasn't. This examples comes well margined and sharply printed in dark inks.

Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence

over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying

charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. **Sales Tax.** Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. **Financial Responsibility.** In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount

until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. **Shipping.** It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. **DISCLAIMER AND WARRANTIES.** NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins and currency that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

c. All non-certified coins and currency are guaranteed to be genuine.

d. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER

FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
